"Since the dispatches to the Herald cover the whole period between election and inauguration, casting light upon this little studied section of Lincoln's life, they deserve being made more accessible than the files of an eighty-year-old newspaper. The present volume, unfortunately, offers only a selection from the entire body of available material. The editors have printed the heart of their father's messages and added useful explanatory notes, but they have made a brief work out of what might have been an invaluable complete record." P. V. Stern

WALKER, ROBERT AVERILL. The planning function in urban government [pref. by Charles E. Merriam]. 376p \$3 Univ. of Chicago press

711 City planning 41-6063

"Dr. Walker's work is based upon his investigations and interviews in 37 cities, and his review of planning literature in the light of modern administrative theories. He presents a résumé of the development of city planning in the United States, an analysis of the planning function and of urban planning organization, and brief studies of planning programs in Chicago and certain other cities. His general conclusion is that American city planning has fallen far short of expectations. In trying to explain its deficiencies, he develops a central thesis, somewhat as follows: 1. The creation of independent unpaid planning commissions placed the planning function at the periphery and not at the center of the city government, with resultant frustrations and antagonisms. 2. The conception of planning as primarily physical was too narrow. . . . As a remedy, Dr. Walker proposes that the concept of city planning should be made as broad as the whole range of urban public functions, and that the planning function should be assigned to a research and advisory agency of broad scope attached directly to the office of the chief executive, as in the case of the national government." (Am Pol Sci R) Indexes.

"The book is based on an actual field study of some thirty-seven cities throughout the United States, visited during a period of a year. It is by far the most important critical study of the planning function in urban government that we have had." W. H. Blucher

+ Am J Soc 47:510 N '41 130w

"While few students of public administration are likely to disagree strongly with [Dr Walker's] theory, the protests from other quarters are certain to be not long in coming. . . . Despite [that], the reviewer considers Dr. Walker's book one of the most valuable and stimulating contributions to urban planning literature in many a year. It is well documented, based on sound observations, carefully reasoned, and written in readable style." William Anderson

WALPOLE, SIR HUGH. The blind man's house. 337p \$2.50 Doubleday

(W) 41-13948

The small English village, Garth in Rose-lands, was on tiptoe with excitement over the arrival of a new family. Julian Cromwell was wealthy and blind; his charming young second

WALPOLE, SIR HUGH—Continued

wife was fifteen years his junior. In some strange way their arrival seemed to start a series of mishaps affecting a goodly portion of the village—from the rector's beautiful wife to Jim Burke, the handsome ne'er-do-well. The time is 1938.

"A parable of England finding its soul, and all but too late. In the novel as it stands the implications get hardly beyond a stage of shadowy half-fulfillment. Internal evidence suggests that Walpole himself may have regarded his work on it as not yet finished." Wilson Follett

Atlantic S '41 150w

Booklist 38:13 S '41

"The Blind Man's House" is pleasant and even engrossing reading. Hugh Walpole has the gift of the storyteller in catching and holding your attention in suspense so that you are not content until you know what happened, not only to Julius and Celia, but also to the rector and his wife and their children and the dog, to the housekeeper's errant son, the handsome ne'er-do-well, the old maids, the parlor maid, the Shakespearean scholar and the rest. This posthumous novel does not show any gifts which Hugh Walpole has not expressed elsewhere more trenchantly, but it will not disappoint the affection and esteem of the readers built up through nearly two generations who look to his name for a colorful and swiftly moving story." WALTER, BRUNO. Gustav Mahler; tr. by James Galston; with a biographical essay, by Ernst Krenek. 236p il \$3 Greystone [6s Routledge]

B or 92 Mahler, Gustav 41-20561

An interpretative essay on the life and works of this Bohemian composer and conductor, for many years director of the Imperial opera house in Vienna, where he and the author were colleagues. The purely biographical section of the book is by Ernst Krenek, composer and musical historian. Index.

"In general Bruno Walter does not stress external events nor supply what is usually expected of biography or criticism. . . In another aspect of the same intention, he describes the effect of Mahler's personality in daily life. To this interpretation the biographical [data] in Ernst Krenek's essay [are] a useful supplement, and Krenek, himself a composer, says wise things about Mahler's work. But Bruno Walter's essay is so remarkable that by contrast Krenek's excellent study suffers. . . The best of Bruno Walter's essay must be looked for in his devotion to a great artist, his understanding of that artist's work, his sensitivity to a message which having been said in music, can hardly be paraphrased in another tongue. To a surprising extent these pages suggest what Mahler's music conveys—extraordinary aspiration, tragic mystery, nature at war with itself, nature at peace with itself, the soul in shadow, and the soul in light." WAPLES, DOUGLAS; BERELSON, BERNARD REUBEN, and BRADSHAW, FRANKLYN R. What reading does to people; a summary of evidence on the social effects of reading and a statement of problems for research. (Studies in lib. science) 222p \$2 Univ. of Chicago press

028 Books and reading. Reading, Psychology of (W) 41-51554

"This study of the effects of reading has a social and academic rather than a literary connotation and appeal. It is an examination of factors in the 'social psychology of public influence by print' and of ways in which that influence may be gauged. And although it is intended in large part for the 'guidance of those who seek to use print in the public interest,' its language is definitely that of the classroom. Obviously, the book's chief interest, then, is for those who inquire into the more or less practical use of the printed page, rather than to those who think of literature as literature." (N Y Times) Index.

Booklist 37:263 F 15 '41

"In spite of its possible shortcomings, those who read this volume will find themselves giving thoughtful attention to the problems involved in determining what reading does to people. In times like these a heightened interest in the social psychology of reading is desirable. If significant researches are stimulated by study of this publication, the authors will undoubtedly consider themselves well repaid for the labor of preparing the volume."

School & Society 53:64 Ja 11 '41 10w

"The very thoroughness of the methods of investigation particularized in such detail by the present authors is not devoid of its sinister side. They make out all too strong a case for the propaganda value of the printed word, and, although that is far from their purpose, they conjure up so vivid a picture of what an unscrupulous dictator might do with the minds and ideas of the harmless general reader that one shivers at the prospect. Goebbels is an amateur, Stalin a palterer compared with what the student of these pages may become. The great weakness of all such investigations is their humourless character."

WARREN, WILLIAM PRESTON. Masaryk's democracy; a philosophy of scientific and moral culture. 254p \$2.50 Univ of N.C. press
B or 92 Masaryk, Tomáš Garrigue. Democracy 41-7362

"Professor Warren here expounds Masaryk's philosophy both as an intellectual construction and as a systematic justification of his practical interests. He argues quite convincingly that Masaryk's 'humanism' and democracy are outgrowths of his constructive, historical realism and that his whole system both as a philosophy and as a political program is by no means the expression of a passing or *passé* episode but one of the most reflective and adequate philosophies of the present and near future. After discussing Masaryk's indebtedness to Brentano and Comte, he points out the importance of Leibniz's influence both for his criticism of Hume's uncritical reliance on habit and for his ideal of a unified, scientific metaphysics. . . . A particularly informative section of this volume is the account of the Czech Awakeners, whose work Masaryk brought to a brilliant culmination." J Philos

"Mr. Warren's book is by far the best synthesis of the doctrine of Masaryk yet presented in any language." Oscar Jászi

+ Am Pol Sci R 35:773 Ag '41 700w

"Any contribution on Masaryk in English is of course quite welcome, because so little is known about Masaryk's ideas and scholarship. Hence Warren's publication is acceptable as a general introduction to its topic—and in this respect the author has fully discharged his purpose. . . . But the reviewer must express his lukewarm attitude when evaluating Warren from the standpoint of scholarship. His material comes from diluted secondary and third-hand (and mostly English) sources, and whatever original sources are noted are apparently more excerpts secured for Warren by his 'inquiries and solicitations' (p. x) from his Czech friends. . . . In short, we are glad to see the appearance of Warren's book as one of the necessary steps to make Masaryk better known in America. But to the specialist, the volume is a mere ripple in the sea of scholarship that has swallowed up work after work on this topic; work, too, that has been more capably handled." J. S. Roucek

WATERMAN, JOSEPH MACNAUGHTON. *With sword and lancet; the life of General Hugh Mercer.* 177p il \$3 Garrett

B or 92 Mercer, Hugh 41-6261

Biography of a Scotch doctor, who was assistant surgeon in the army of Prince Charles in 1745. After Culloden, Mercer came to America and established himself as a surgeon in Pennsylvania, fought the Indians on the frontier and later joined Washington's army where he became a general. He was wounded at the battle of Princeton, and died some weeks later. Bibliography. Index.

"This is a very amateurish book. From a scholarly point of view it falls far short of being an adequate account of the life of General Hugh Mercer. The author approaches his subject with the localized and personalized point of view that is so common in books of this sort. He lacks a sure touch when dealing with the broader aspects of the events in which Mercer played a part. In describing the actions and reactions of his hero he indulges in description and analysis which must, at best, be called speculative. . . Not but what the book is good reading. It holds the reader's interest and succeeds in capturing the drama of Mercer's life. . . It is unfortunate that this attractive literary touch could not have been combined with sound historical technique." T. S. Anderson

+ Am Hist R 41:424 Ja '42 210w

"In this biography, an Episcopal clergyman has produced a very creditable piece of work. The author has given his subject painstaking research and a sympathetic appraisal. The portrayal of the background leads to a better understanding of the conditions in which the English Church struggled in the American Colonies during the decades prior to the Revolution. The book is especially important because of the glimpses afforded into Pennsylvania frontier life, and the state of affairs in Virginia and Maryland." E. L. Pennington

+ Churchman 155:20 Je 15 '41 170w

"The general reader will be somewhat puzzled in approaching the volume, because it is not very readable. Basically it is a collection of documents and other quotations with connecting remarks. In spite of these remarks the volume represents an interesting and worthy effort. The author has obviously spent a vast amount of time in collecting his materials and he quotes them fully (with accuracy, if not with artistic skill)." Frank Monaghan

+ Boston Transcript p2 Mr 15 '41 480w

"In this story the author captures these simple people, their customs and their mores, in a quiet yet moving style. It is a book that should live long in the memory of those who read it as a folk tale well told." R. D. Minnich

+ Library J 66:80 Ja 15 '41 170w

New Repub 104:382 Mr 17 '41 50w

"'People of the Valley' is not a novel for every one. One can scarcely imagine its rocketing into the best-seller class, and probably it would not, without a great deal of expert tinkering by script writers, make a very good moving picture. It has a certain familiar Steinbeck quality—earthy, ribald, honest, sharply observed and profoundly human." Margaret Wallace

N Y Times p6 F 9 '41 850w

New Yorker 16:65 F 8 '41 60w

"It is too bad that this book isn't better. This is not said flippantly, for the theme of it is such that the book deserves to be great. A story of epic proportions, character at once strangely real and yet symbolic, action enough to hold interest as it moves toward culmination, and a setting in which the inexplicable seems somehow appropriate—these elements you will find in 'The People of the Valley.' Moreover, the book bears the stamp of the authentic. Frank Waters knows with clarity what he is writing about. So it is only because the book creates such hope and interest in the reader that it is likely to be disappointing to those who finish it. Yet at few points only does the story rise above its virtues and manage to hold the reader in its grip." C. W. Ferguson

WATKIN, LAWRENCE EDWARD. Gentleman from England. 302p \$2.50 Knopf

41-17327

A romantic tale of life and love in America in the years following the Revolution, when aristocrats and commoners alike were trying to make the most of their new liberty.

"A charming if occasionally creaky tour de force. . . Mix three parts Robert W. Chambers with one part Sir Walter Scott, saturate with the personality of the present novelist and you have 'Gentleman From England.'" F. H. Bullock

Books p12 O 19 '41 500w

"The book has the merits and defects of its eighteenth century prototypes. The characters are treated with humor and irony—but too much of tolerance. The author is not averse to quoting the more foulmouthed of them verbatim. Of none is the moral outlook particularly delicate, so that although certain characters are intended to be attractive to us, it is not easy to find them so. This is romance, with no probing of souls." Lucile Harrington
Commonweal 35:76 N 7 '41 300w

"It begins where Oliver Wiswell ends, and gains clarity and significance by its single story and its uncluttered background. Recommended also for young people." Katharine Shorey

+ Library J 66:731 S 1 '41 80w

"Lawrence Edward Watkin is still having good fun trying out various forms of literary prose expression. In 'Gentleman from England' he also provides good fun, with assured American background, for American readers. Incidentally, and apart from its entertainment value, this latest of his ventures might very well fill a regrettable educational gap for that section of the English public that devours anything pictorially romantic with America as subject, but through lack of personal acquaintance with the country has no adequate idea of the vast complexity of its racial makeup and the immensity and extraordinary variety it presents geographically." J. S. Southron

+ N Y Times p30 O 26 '41 850w

WATKIN, LAWRENCE EDWARD. Thomas Jones and his nine lives; il. by Janice Holland. 103p \$1.50 Harcourt

41-18358

Thomas Jones was a gentleman cat belonging to a very nice little five-year-old, who went by the name of Sister. Anything Sister did or said was quite all right to Thomas Jones, but he wasn't so sure of her father and mother, until he risked the last of his nine lives to save Sister. After that he found out how nice grateful parents can be.

"There is sparkle and cordiality about this story of a small girl and a large cat, appealing to older persons called upon to read aloud to the young. It sounds as if the author greatly enjoyed it himself, caring less about vocabulary than passing on this enjoyment to his audience." M. L. Becker

WAUGH, ALEC. No truce with time. 288p \$2.50 Farrar [7s 6d Cassell]

40-35425

Mary Montague was thirty, and, after six years of married life, she had begun to feel that life in a small West Indies island was getting tiresome, when unexpectedly a young man fell in love with her. At first amused, then tolerant, finally Mary succumbed to a spell which brought only despair and tragedy in its conclusion.

"To this study of a married woman who has an affair with a younger man Alec Waugh has applied himself with fluency and fervor, but the central figure remains a person contrived rather than a character created. Perhaps if Mr. Waugh had measured out emotions with less rhetoric, one would be more convinced of their reality. Employing the tools of a novelist with more flourish than finesse, he has turned out a showy narrative of little penetration." Lisle Bell

+ — Books p10 Mr 9 '41 500w

"This is not an important book. It is simply a story, an unpleasant but always well told story." Virginia Durbin

+ — Boston Transcript p2 Mr 15 '41 180w

"The descriptions of the island and its social life are obviously firsthand, but I found that almost the only inducement to re-read this all too familiar tale, so infinitely better done by Mr. Maugham in 'The Painted Veil.'" J. D. Beresford

+ — Manchester Guardian p7 F 28 '41 160w

"Of the three separate themes, two of them sinister, that, together, make up the main theme of the novel, it is hard to say which is the most powerfully dealt with; but, for subtlety that rises at times to something not unlike divination, the building up of the character of Barclay Ashe—Mephistopheles and Faust in one—must be awarded the palm." J. S. Southron

+ N Y Times p24 Mr 9 '41 850w

"It is unfortunate that Mr. Waugh did not make his heroine more sympathetic to the reader, because he writes vividly and with insight into the darker emotions."

Sat R of Lit 24:20 My 10 '41 110w

"It is practised enough in its slangy and trivial way. And Mr. Waugh has certainly let himself go in luscious hints of love-making. This apart, however, he has in the past found better reasons for fiction of the glamorous and languorous kind."

WAVELL, SIR ARCHIBALD PERCIVAL. *Allenby: a study in greatness; the biography of Field-marshal Viscount Allenby of Megiddo and Felixstowe.* 312p pl maps \$3 Oxford [18s Harrap]

B or 92 Allenby, Edmund Henry Hynman Allenby, 1st viscount (W) A41-2295

Biography of Allenby of Megiddo and Felixstowe, written by the British commander in chief in the Middle East. Beginning with his early years the story of Allenby's life is brought up to 1918. After consideration of his youth and military training, his service in the South African war (1899-1902) is considered, and his part in the first World war—his service in France and in Palestine. Index.

Booklist 37:408 My 1 '41

"Gen. Wavell writes of Allenby in a vein determined not only by his admiration of the late field marshal but also, I suspect, by his conception of what Allenby would like. The coldness and stiffness of the field marshal have somewhat invaded Wavell's biography of him, giving it a touch of that inhumanity which the biographer mentions more than once as characteristic of his hero in relations with other men. Allenby disliked adjectives, loathed neologisms in English, detested any highly colored account of battles or maneuvers and, on the whole, had as great a distaste for war as any professional pacifist. These characteristics appear to have influenced Gen. Wavell—who enumerates them all—into writing not so much what the general public would like as what the field marshal himself would have preferred. The result is a book which, although valuable and interesting to a high degree, will scarcely appeal to that large public who read, for example, 'The Seven Pillars of Wisdom.'" Vincent Sheean

Books p1 Ap 6 '41 1600w

"One competent military leader has written of another. The story is plainly told by a gifted writer who knew Allenby intimately, and who also knew the problems of war. This is no definitive biography of a man about whom controversy has raged, by no means the final word, but it is a clear account of one who, rightly or wrongly, emerged in 1918 as a great British commander. It can be welcomed as an informative introduction." P. J. Searles

+ Boston Transcript p1 Ap 26 '41 900w
Christian Science Monitor p10 My 31 '41 700w

"This timely book is the work of a great soldier who also happens to be a fine writer, a cultured and keenly intelligent man. . . . Allenby's qualities and defects, as a man and as a general, have long been the subject of controversy. General Wavell, who is at once his pupil and successor, has given us here a clear-cut portrait that makes for a new understanding of the man." Eleanor Van Alen

New Repub 104:640 My 5 '41 800w

"Not only in the account of this last campaign but also in the earlier chapters on the South African war and on the Western Front from 1914 to 1917, the book suffers as military history from too close a preoccupation with the operations in which Allen-

by was personally engaged. On the other hand it suffers as a study of personality from a too exclusive attention to military events. It has the narrowness of biography without its intimacy. For this defect, however, General Wavell cannot fairly be blamed; it is always difficult to reconstruct with any semblance of reality the life of a man so little given to introspection as Allenby appears to have been, particularly when he keeps no diaries and leaves no papers." T. Knighton

New Statesman & Nation 20:238 S 7 '40 1100w

"Allenby was a stickler for style. Reports had to be drafted in terse soldierly sentences. A split infinitive or the use of a slang word like 'dump' was an offense against discipline. In such a style this book is written. Not a word is wasted, ill-used or missing. The military narrative in the book has thus the inevitable quality of Wellington's dispatches or Grant's admired memoirs. Names of persons and places, details of tactics, though numerous, swing along with lilt of language. . . . The humor of Sir Archibald Wavell is a measure of the courage which he shared with his hero. He describes this book as 'a study in greatness,' and so it is—in more senses than one." P. W. Wilson

+ N Y Times p1 Ap 6 '41 1850w

WAVELL, SIR ARCHIBALD PERCIVAL. *Generals and generalship; with a foreword by Sir John Dill.* 36p 50c Macmillan [pa 6d Times]

355 Generals. Military art and science

[41-15181]

"This little booklet, with a foreword by General Sir John Dill, contains three lectures delivered at Trinity College [at] Cambridge, two years ago. They explain the qualities that a general must possess within himself, the abilities he must have to handle his troops, and his relationship with the statesmen who run

the government and so command his activities." Sat R of Lit

Christian Century 58:911 J1 16 '41 120w

"These three lectures are superb reading, compact of humor, wisdom, and learning lightly borne. General Wavell is fully alive to the paramount value of spiritual qualities, counting, for example, all the weight of mechanized armaments as of less profit in the winning of battles than that serenity which distinguishes the Duke of Marlborough above every other general, and which his descendant, the present Prime Minister, so abundantly possesses." Harold Hobson

+ Christian Science Monitor p11 Ap 19 '41 80w

"These lectures would be remarkable for their intelligence, imagination, humor, and humanity at any time. They are even more so when one considers that though they were delivered before the outbreak of the present war they clearly state the essentials for getting the jump on methods since put into practice by the Germans. . . General Wavell is, moreover, no mere commentator on a particular moment in military history. He draws on a tradition which includes Socrates, Wellington, and Tolstoy; and his mind, like his style, appears to be endowed with simplicity, directness, and flexibility."

+ Social Educ 5:231 Mr '41 900w

"Hutton Webster writes from a wide background of experience which gives him a remarkable grasp of the entire field of world history. Hence, the present volume is a climax to a well established, scholarly reputation rather than a premature attempt to acquire one. In the phrase of modern education (borrowed from Mr. Wackford Squeers) he has 'learned by doing,' for his textbooks on Ancient History, The Far East, Latin America, World History, his readings in Ancient History and his famous Historical Selections have made him proficient in the subject matter, in the historical sources, and in the technique of writing readable history. The book is salted with stimulating, brief quotations from sources and many quotable phrases of the author." O. G. Darlington

WECTER, DIXON. Hero in America; a chronicle of hero-worship; with headings by Woodi Ishmael. 530p pl \$3.50 Scribner

920.073 Heroes. U.S.—Biography

(W) 41-5177

An informal history of the United States told thru the medium of biographical sketches of some of America's heroes. Contents: Heroes in war and peace; Captain John Smith and the Indians; The Pilgrim fathers and the American way; Poor Richard: the boy who made good; The embattled farmers; President Washington and Parson Weems; Thomas Jefferson, the gentle radical; Winning of the frontier: Boone, Crockett, and Johnny Applesseed; Old Hickory; Lincoln: the democrat as hero; Lee: the aristocrat as hero; General Grant and the gilded age; The dime novel and Buffalo Bill; Commoner and rough rider; The Unknown Soldier: hero of the World War; Gods from the machine: Edison, Ford, Lindbergh; Champion of the New Deal; How Americans choose their heroes. Index.

"There is a great deal of illuminating history in this book, and its judgments are sound. In places it is somewhat bogged down with detail, and its organization and paragraph structure are not always of the happiest, but its temper is firm and often inspirational in restrained fashion. It is an excellent contribution to the cultural history of American democracy." R. F. Nichols

+ — Am Hist R 47:341 Ja '42 850w

"Probably no American who loves his country can read The Hero in America without loving it the more as a result; and certainly there are few who can read it without learning a good deal about their country. The index, comprehensive enough in proper names, is niggardly as to abstractions and topical nuclei—a serious defect in a work of this order and, let us hope and believe, permanence." Wilson Follett

WECTER, DIXON—Continued

"A well-informed thesis, entertainingly written, with a bibliography of source material regarding each personality. Recommended for general purchase and for high school and college use." Jacqueline Overton

+ Library J 66:219 Mr 1 '41 50w

"Mr. Wecter is peculiarly well fitted for the task of describing the rise and decline of reputations in America. He writes crisp and witty prose. His disposition of mind is skeptical, but his judgment is unusually balanced; and he avoids alike the temptations of debunking and hagiography. In other words, he knows that hero-worship is important, but does not bow down particularly himself. His well-stocked and cultivated mind gives the study a breadth of allusion which vastly enriches the book. It is difficult to imagine a more successful treatment, at this stage of our knowledge about it, of a complex and difficult subject." A. M. Schlesinger, Jr.

+ New Eng Q 14:573 S '41 700w

"A book worth reading, often delightful, sometimes moving, often pertinent, always entertaining." S. Y.

+ New Repub 105:226 Ag 18 '41 130w

"Mr. Wecter's method, semi-biographical, semi-analytical, is successful in what it reveals and in what it suggests. The problem of hero worship remains. To what extent should it be inculcated in the schools? How much of the truth must be told? If the hero image is stirring and elevating, whereas the hero himself was of common clay, shall the image be destroyed?" R. L. Duffus

+ N Y Times p3 Mr 30 '41 1400w

"The book can be heartily recommended to all who wish entertaining reading and who wish to learn more of what the American is at bottom and best. In these days of confused opinion and of polls, no better touchstone for the real America could be found than a poll of its abiding heroes and of its purged and lasting admirations and affections as expressed in its hero worship." WEIDMAN, JEROME. I'll never go there any more. 422p \$2.50 Simon & Schuster

41-16496

The adventures of Arthur Thacker, a young man from Albany who comes to New York city in search of a job. In the large accountancy firm where he works he meets some odd people, prominent among them Max Maggio, once a prominent criminal lawyer, now reduced to a clerk's job. Among Max's doubtful acquaintances one is a woman of questionable occupation. When the whole crowd goes to a summer shack in the Delaware River country, the situation becomes so muddled that Arthur is glad to escape and go back to Albany.

"There are any number of unwholesome souls in the Big City, and Jerome Weidman is their laureate. Like the earlier 'I Can Get It For You Wholesale,' this novel is a neon-lit display of some powerfully unpleasant creatures engaged in some mighty uncharming activities. As a chemist distills rich essences from decaying matter, so Mr. Weidman wrings vivid books out of the lives of corrupt and hateful people. He is the naturalist of souls who specializes in turning over rotting logs and examining intimately the dark-loving creatures that crawl out from under. Very unlovely, but strange, effective and sometimes morbidly fascinating." Milton Rugoff

Books p10 O 19 '41 750w

"Weidman's use of obscenity and vulgarity in words goes beyond necessary use and if it weren't such a good book otherwise, one might suspect him of using Hemingway's sleeping bag technique. Hemingway had to. Otherwise his story could have been told in one chapter. Weidman, however, is a good story teller, one of the best, and he has no need of such devices for selling his book nor yet for reawakening a bored reader. . . Both the idea and Weidman's ability deserved better treatment. Books such as this are unfair to reviewers. They force us to pan the devil out of something we really like." W. M. Callahan

+ — Commonweal 35:28 O 24 '41 480w

Reviewed by Margaret Marshall

Nation 153:403 O 25 '41 490w

"Weidman has good writing; he has a fine ear and a clean, direct style, with a flinty sort of imagination that throws sparks over the least thing touched in the most off-hand way. . . And he has many odd knowledges. But these things can be learned by anyone with a sufficient base of talent, curiosity and perception. What is a gift with him—it's there or it isn't—is a sense of the dramatic in fiction, the instant and explosive situation with the promise of immediate further development that make the sluggish eye and attention race down the lines. . . Weidman is a specialist in various types of life that are only vaguely known about, and it is his understanding, as well as his fictional talent, which makes these people and patterns of existence now alive and understood—even to the point where you, the stranger, are disagreeing with him about what they *really* would do under this (also strange) circumstance or that." Otis Ferguson
+ New Repub 105:514 O 20 '41 650w

"The novel seems drab as you read it, and unnecessary to the point of pornography. Yet it is honest and it all could happen and it is a part of the time—these people and events that are described. If it were set back eighty years against the life of the Mississippi River towns it probably would seem to be fascinating reading. Then why is it that the only public you feel will really enjoy it now are boys serving a stretch in the reformatory and dreaming of what a good time they'll have if they can find people like Max and Mary when they get out?" Robert Van Gelder
N Y Times p24 O 19 '41 600w

"The first half is as good as anything in his memorable 'I Can Get It For You Wholesale.' After that, Mr. Weidman, having exposed his characters completely, doesn't quite know what else to do with them beyond plunging them into a James Cain melodramatic finish. This weakness of structure, however, is less to be condemned than his almost machinelike accuracy in character portrayal is to be admired." Clifton Fadiman
+ New Yorker 17:100 O 11 '41 400w

"As a collection of interesting characters this book is good reading, but as a novel it does not measure up to Mr. Weidman's previous work. It doesn't have the compactness and speed of his former novels."
+ Springf'd Republican p7e O 12 '41 550w

"There is less frenzy in this novel, less joyous wallowing in the world of crooks and heels. There are also fewer crooks and heels. At least, the people he has assembled do not wear so definite a label. And they are much realer than in his other books, less a part of the folk lore of an underworld of Mr. Weidman's making. So sharply observed are they, so independent of their author, that after a while one forgets to hold one's nose and becomes wholly fascinated by this cross section of the human anthill." Robert Littell
+ Yale R n s 31:viii winter '42 410w

WEIL, MRS ANN. My dear Patsy; a novel of Jefferson's daughter; il. by Jessie Robinson. 315p \$2 Bobbs 41-16482

"This story about Jefferson's daughter Martha [called Patsy by her father] covers the years of her girlhood spent in a Paris convent school, her return to the United States at the outbreak of the French Revolution, and her marriage. Her schoolmates were the daughters of France's foremost families and she moved for some time in high social circles. Her busy father found time to make her his companion and to instill in her a sense of social responsibility unusual in such surroundings." (Library J) For girls of twelve to fifteen.

"The author has followed her source material so closely that she has sacrificed plot. The book is most successful as a picture of the education of a girl of the upper classes in the Paris of the late eighteenth century." Eleanor Kidder
Library J 66:910 O 15 '41 120w

"There are descriptions to delight young feminine hearts of costumes and parties, bits of gossip of the court, but most important is the picture of France stirring uneasily on the eve of the Revolution, as revealed by Patsy's own experiences and interpreted by her father's wise comments. If Patsy as an individual makes little more impression on us than any other charming girl of her age, her story has a real value in its account of her unusual and significant experiences in a critical period, and as an introduction to the tenderly affectionate side of her father's character." E. L. B.

WEIL, RICHARD. The art of practical thinking; an informal discussion for the intelligent layman, with examples taken mainly from the field of business. 263p \$2 Simon & Schuster

160.24 Logic. Reasoning. Thought and thinking (W) 41-2308

"A businessman gives the rules for better thinking and considers their application to such aspects of business as administrative problems, publicity, public relations, management, and merchandising. Written for the average reader, this book seems better than many popular works in the field." Booklist

Booklist 37:317 Mr 15 '41

"Mr. Weil's style is lucid and pleasant, although not very meaty. A book of this type might easily have been owlish and absurd; it is on the contrary well written and in good taste." L. R. Lind
+ Boston Transcript p1 Mr 8 '41 350w

"[The book] has several distinctions which commend it to the executive as useful reading. First of all, it summarizes in very readable form much of the best of the philosophy of thinking from the great Greek thinkers to the present day. . . It is quite possible that in this, as in other brief surveys of a broad field of knowledge, scholars may find fault with the author's condensations or omissions. Yet Mr. Weil makes no pretense of including more than a short review of the high points. . . Secondly, and of great significance, the author relates theory to practice by offering examples of the application of the processes of thought to practical business situations. . . Finally, in writing this book, Mr. Weil has demonstrated that even the busiest executives can find time for a hobby." D. K. Beckley
+ Management R 30:193 My '41 750w

"To this reviewer the most significant of Mr. Weil's theories is his belief that there is no such thing as a status quo of mentality; that any person who persistently seeks to think better can accomplish what he is after. This may not square with orthodox twentieth-century psychology, but it has a wholesome, Emersonian ring in a country where most people still think a man can better himself if only he tries hard enough." WELTY, EUDORA. A curtain of green; with an introd. by Katherine Anne Porter. 285p \$2.50 Doubleday

41-52028

Seventeen short stories by a Mississippi writer. "Like many Southern writers, she has a strong taste for melodrama, and is preoccupied with the demented, the deformed, the queer, the highly spiced. Of the 17 pieces, only two report states of experience which could be called normal, only one uses the abnormal to illuminate any human mystery deeper than its own." (Time)

Booklist 38:132 D 15 '41

"In a foreword warm with critical appreciation and generous encouragement, Katherine Anne Porter introduces a collection of short stories by a comparatively new writer, Eudora Welty. That Miss Porter should be attracted by the tales published under the title, 'A Curtain of Green,' is not strange for they have a great kinship to her own fine work, possessing a quality of mood which surrounds and gives meaning to the incident. . . . As a whole, 'A Curtain of Green' shows too great a preoccupation with the abnormal and grotesque. Some day some one might explore this tendency of Southern writers. Besides serving as an explanatory introduction to the book, Miss Porter's foreword is excellent as an essay on the short story, and its place in American fiction." Rose Feld

Reviewed by Kay Boyle
+ New Repub 105:707 N 24 '41 900w

"Few contemporary books have ever impressed me quite as deeply as this book of stories by Eudora Welty. It seems to me almost impossible to discuss her work detachedly. Reading it twice has not given me any critical distance, but has only drawn me closer into its rich and magic world. To explain just why these stories impress one so appears as difficult as to define why an ordinary face, encountered by chance in the street, might suddenly reveal miraculous beauty, through a smile perhaps or through an unexpected expression of sadness." Marianne Hauser

+ N Y Times p6 N 16 '41 750w

"Miss Welty's short stories are deceptively simple. They are concerned with ordinary people, but what happens to them and the manner of the telling are far from ordinary. Miss Welty builds up to her climax with force and economy, using no unnecessary words and making no false starts. A fine writer and a distinguished book."

+ New Yorker 17:110 N 15 '41 60w

"It is Miss Welty's manner of treating her material that makes her work distinctive and, in most cases, engrossing. In this first collection she establishes herself as a writer with something definite to say and with the ability to say it. All of the stories are not equally successful, of course, but she is an author who is bound to take her place with the best in the short story field,—and quite aside from its 'promise,' that bane of all first books, this collection is new and refreshing in itself." G. G. Bates

WERNETTE, JOHN PHILIP. Control of business cycles; a study of methods for achieving and maintaining prosperity. 197p \$1.75 Farrar

380,124 Business cycles. U.S.—Economic conditions 41-2110

"The purpose of Professor Wernette's study is to present the general problems involved in achieving and maintaining prosperity and to encourage business men to give more careful consideration to instruments of control. The point of view taken is 'that general business fluctuations occur through fluctuations in spending, and that control involves, therefore, controlling the rate of spending'; and that mass opinion is central. 'If it were generally believed that prosperity would not return until there was an eclipse of the moon, we should probably have to wait for an eclipse.'" (Management R) Index.

"In spite of the apparent simplicity of the remedies proposed there is evident, on the part of the author, a consciousness of the underlying complexities of the problem, and the book closes with a plea for further investigation of control plans. Nevertheless, in the opinion of the reviewer, a rather one-sided view of the problem is presented, because of the relatively little attention given to an analysis of the factors involved in an onset of depression. . . . The style of the book is clear and straightforward, with a minimum of technical terminology, so that it should be intelligible to the lay reader as well as to the professional economist." W. O. Weyforth

+ — *Am Econ R* 31:364 Je '41 850w

"This is an excellent book, which in simple language and with vivid and effective metaphors makes available to everybody some of the most important results of recent progress in the theory of employment and money."

A. P. Lerner

+ *Ann Am Acad* 216:199 J1 '41 550w

"The central position assigned to spending as opposed to production makes Wernette's book somewhat one-sided. He surveys problems we faced up to 1938, and this might seem out of date in the light of new problems

confronting us today. Change in fundamental problems, however, is easily overemphasized. Wernette's work is marked with sincerity and is challenging. Whatever else must be said, his attempt to discover how prosperity can be achieved and maintained is a contribution to the literature on the subject." E. C. Bratt

WEST, REBECCA (MRS HENRY MAXWELL ANDREWS). Black lamb and grey falcon; a journey through Yugoslavia. 2v 629; 633-1181p ll \$7.50 Viking

914.97 Yugoslavia (W) 41-51964

"It took Rebecca West five years to write this book. It tells the story, essentially, of what has happened to our world. . . It is an analysis of our culture, the world of ideas and emotions in which we live. It is the story of our present sickness, and an examination of the futures our past has stored up for us. . . There is no quick, neat description for this book. It is a travel diary of an Easter trip through Yugoslavia in 1937, made by Rebecca West and her husband, Henry Andrews. Both are civilized citizens of the world, discriminating subjects of the British Empire, fellows in any company of scholars. So, naturally, this record of their trip, besides being an inventory of a nation, also is an inventory of their minds." (Books) The grey falcon figures in a Slav folk song about the military defeat of the Serbs at Kosovo in 1389; the black lamb refers to a primitive sacrifice which the author saw in Macedonia. Bibliographical note. Index.

Booklist 38:94 N 15 '41

"The timing of [this book's] publication now, at one of the great climaxes in the story of western European culture, matches the scale on which it is told and the skill with which Miss West tells it. This is the only book I have read since the war began which is life size, which has a stature of its own comparable to the crisis through which the world is moving." Joseph Barnes

+ Books p1 O 26 '41 1300w

"Had Miss West thrown out of her manuscript much of the history and all of the politics, her book would have come out half as long. It would have been not only one of the most colorful pictures of Yugoslavia, but one of the most beautiful books written in recent years." Stoyan Pribichevich

+ Nation 153:457 N 8 '41 1200w

Reviewed by Nigel Dennis

New Repub 105:737 D 1 '41 2200w

"It is safe to say that as a travel book it is unique. In two almost incredibly full-packed volumes one of the most gifted and searching of modern English novelists and critics has produced not only the magnification and intensification of the travel book form, but, one may say, its apotheosis. Rebecca West's 'Journey Through Yugoslavia' is carried out with tireless persistence, nourished from almost bewildering erudition, chronicled with a thoughtfulness itself fervent and poetic." Katherine Woods

+ N Y Times p4 O 26 '41 1700w

"The book is as astonishing as it is brilliant. It is as if Sinclair Lewis should compose an epic poem. There is nothing in Rebecca West's literary history to prepare us for this. . . There is a little too much of everything in this book. The mind refuses at times to follow Miss West into the ramifications of South Slav history, into all the dark alleys of court conspiracies and palace revolutions. But on the whole the book is not overwritten; it is merely too long, which is not quite the same thing. That it is Miss West's magnum opus goes without saying, but I am almost as sure that, of its sort, it is also

one of the great books of our time." Clifton Fadiman

+ New Yorker 17:88 O 25 '41 1800w

"The book includes some fine objective reporting. There are long stretches of fairly accurate historical narrative, at times going back to B.C. There is repeated emphasis of the South Slavs—especially the Serbs—vitality, heroism, and devotion to life, which has no connection with the fear of death. But there is no mention of several important regions and many significant contemporary situations, facts, trends, and personalities—a lack one cannot avoid noting in a work of Miss West's bulk and pretensions, especially since she gives endless space to relatively inconsequential things. . . The Epilogue should be widely and carefully read in the United States these days. Parts of it are a sharp, powerful cry against defeatism, lack of conviction, reluctance to sacrifice, and fear of death." Louis Adamic

WESTON, CHARIS (WILSON) (MRS EDWARD WESTON). California and the West [with photos. by] Edward Weston. 127p map \$3.75 Duell

917.94 California—Description and travel.
West—Description and travel 40-35618

"A U.S. camera book with ninety-six photographs." (Subtitle) "By way of encouraging art, the Guggenheim Foundation gave that remarkable photographer Edward Weston a two-year fellowship for the purpose of recording the Far West. . . Text for the photographs was needed. So Mrs. Weston sat down and turned it out." (Books)

"Whether or no she realizes it, Mrs Weston is a born writer—perhaps a discovery. She has a neat, feminine observation on those trivialities that are so important, an eye for effective detail. . . As for Weston's part, he has shown the quality of the true artist." Will Irwin

+ Books p4 D 8 '40 650w

"A book for photographers, and a book for adventurous campers, is this report of work done on a Guggenheim scholarship. Edward Weston, long in the forefront of Pacific Coast camera workers, supplies 96 photographs that over and over stop the person who would glance hurriedly through these pages. His wife provides a gay text that is one of the reading pleasures of the year. She achieves that too rare blend of entertainment and information. Here is a pictorial survey of the West that no tenderfoot may hope to see at first hand: Death Valley, Mojave, and Colorado Deserts, lakes and uplands in the High Sierra, ranch and plain in New Mexico and Arizona, Yosemite, the Redwood Empire, Oregon." E. C. S.

+ Christian Science Monitor p11 Ja 4 '41 400w

"That Edward Weston's California photographs are magnificent achievements goes without saying. . . The pictures offer an impressive and intellectually (as well as pictorially) satisfying evocation of much that is most interesting in California, with some glimpses of New Mexico and Arizona and Nevada and Oregon as well. And Mrs. Weston's text tells the story of the expeditions with high-spirited sportsmanship and ease."

Churchman 156:18 Ja 15 '42 150w

"One reads this volume, well written in compact form, ably reasoned, thinking at times in the terms of modern thought, but moving largely in the traditional orthodox, scriptural thought-world. It is largely biblical theology, not systematic or dogmatic theology. A correct biblical exegesis of a passage may not yield a valid truth. The critical question is, not whether it is scriptural, but whether it is true. Theology in our day is confronted with this question. Dr. Whale at times realizes this and raises many questions which he does not answer. He comes to a problem and tells us it is inexplicable, a mystery. Many theological mysteries are due to unexamined premises, uncriticized assumptions." Daniel Evans

+ — Crozer Q 19:64 Ja '42 900w

"This is real popular theology. It is quite definitely theology, an exposition of Christian doctrine with full reference to its sources and history, and no less popular in the sense that any educated man can read it with understanding and pleasure. The book is based on lectures given to undergraduates, and it is not surprising that their force and lucidity produced a deep impression. . . . If a criticism of so excellent a performance is not unfair, it might be suggested that he sometimes glides a little too easily over some of the difficulties." W. R. Matthews

+ — Spec 167:288 S 19 '41 430w

"The book displays—or, rather, reveals; for there is no parade of learning—a depth both of thought and study; but its true value will be best estimated by readers who bear in mind the audience for which the lectures were prepared."

WHEELER, JOSEPH LEWIS, and GITHENS, ALFRED MORTON. The American public library building; its planning and design with special reference to its administration and service. 484p il \$4 Scribner

022.314 Library architecture (W) 41-10479

"Library buildings have never before been studied so thoroughly; this invaluable, attractive book covers all types with practical, carefully considered information and over 500 diagrams and illustrations. Parts I and II give the principles of library planning and the organization of a project, with statistical bases for estimating costs and sizes. Part III covers the various departments of large and small libraries. Part IV analyzes the plans of 157

recent buildings. Parts V and VI discuss special cases, alterations, building construction, and equipment." Booklist

Booklist 37:539 JI 15 '41

"Comprehensive, authoritative, definitive. Into its making the authors poured the results of rich experience in the field, seven years of joint study, and the best thinking of some three hundred librarians and architects; and the publisher has spared no skill to make the book a notable production. . . For library school students it will have an added appeal as a practical guide to good administration and intelligent public service made possible through a well-planned building. It has much for those citizens interested in the planning and growth of the community, architecturally and culturally, who recognize the public library as an important factor in such development." J. A. Lowe

+ Library J 66:721 S 1 '41 1400w

"This work can be reviewed only in superlatives. This reviewer believes that it will prove to be an important landmark in American library architecture. From now on there can be no excuse for trustees and public officials, librarians and architects, if they fail to comprehend their part in the co-operative responsibilities entailed in the erection of a library building. The authors, qualified as librarian and architect by wide experience and long study, have clearly defined for themselves the scope of their task and within that scope have given us a book notable for clarity, fullness of treatment, and sound practical approach." WHEELWRIGHT, JOHN. Selected poems; prefatory note by R. P. Blackmur. [32p] \$1; pa 35c New directions

811

41-11946

A selection of short poems from the works of an American poet who was killed by accident last year. A complete edition of the poet's work is in preparation.

Reviewed by E. R. Whittemore, Jr.

Books p13 Ag 17 '41 240w

"There are several very successful poems in this rather limited selection—a selection I do not think quite fair to the sum of Wheelwright's work. 'Fish Food, an Obituary to Hart Crane' moves in its alexandrines like a wave toward a beach, gathering emotion and setting down that emotion at the inevitably right last moment. The short satirical and epigrammatic poems are particularly good of their kind. There the poet, being forced to revolve his poem around a single point, hasn't the pretext for divagation and must concentrate what he says into one small, but very sharp, bite. The gnomic flavor of Wheelwright's poetry makes the bite all the sharper—once it is felt." Clement Greenberg

New Repub 104:412 Mr 24 '41 600w

"A rich, robust and oddly exciting novel which brings the Mormons as close home to the reader as they have ever been brought before. Not only in this book are they likable, but they have a certain magnificence which fully explains their history. In Clory, moreover, Miss Whipple has created a heroine whose charm and vividness and intelligence add immeasurably to the story. . . The Giant Joshua' may be a little over-long, but it is, for the most part, a novel of real stature." E. H. Walton

+ N Y Times p6 Ja 12 '41 1200w

"As a work of imagination, it is no more than mediocre. But as a piece of reconstruction, it is vigorous, animated, and perceptive, even humorous at times. Shorter, it would have been more effective. Miss Whipple, like most of the current crop of historical novelists, either does not know or does not care to know that a good piece of fiction is like a good piece of sculpture. It is what is cut away that counts." Clifton Fadiman

+ — New Yorker 16:54 Ja 4 '41 1050w

Pratt p12 autumn '41

"The book as a whole makes excellent reading, and it catches one side of the Mormon story neglected in Vardis Fisher's popular 'Children of God' and that is the tenderness and sympathy which existed among a people dogged by persecution and hardships, forced to battle an inclement nature for every morsel of food they ate, and to struggle for every moment of genuine happiness." R. B. West, Jr.

+ — Sat R of Lit 23:5 Ja 4 '41 700w

"It is an honest and unusually good picture of the household of a Mormon colony leader and his three wives, with rich and interesting material on the workings of a church community. But it still falls short of what could be expected of a complete portrayal of Mormon wives, one of the most intriguing subjects in American social history."

+ — Spring'd Republican p7e Ja 12 '41 550w

"Exhaustively detailed and rather well-told, it is not merely a good fictional history of a special group and period; it is also a good novel about human beings in general. . . Any truly adequate account of such a life as Clorinda's, of such a community as Dixie Mission, would perforce be a great novel. But adequacy, on that scale, is no small word. Maurine Whipple gets a great deal onto paper, both of the weight and progression of a life and of the interlockings of a community, but it is only in her last 30 pages that she approaches adequacy: a strong groundswell almost to the edge of grandeur. As for the rest, it is at best an infinitude of competent but never quite excellent stitching."

WHITCHURCH, IRL GOLDWIN. Enlightened conscience. 282p \$2.50 Harper
171.1 Christian ethics 41-7009

"The central argument of this thought-compelling book is that a developing awareness of moral values is the living heart of Christian life and thought. A 'critical exploration of moral experience' ought to be 'a root consideration' in the construction of a truly empirical Christian faith. The substantiation of this thesis involves an analysis of the nature of moral experience, and a consideration of the development of a truly Christian ethics. In the discussion of these issues the Bible figures as 'invaluable source material on the universal moral situation.' The 'unique quality of the moral integrity of Jesus' is regarded as the most complete revelation of the righteous love of God." (Christian Century) Selected bibliography. Index.

"Professor Whitchurch has made an intellectual, vigorous analysis of the relation of Christian ethics to other ethical systems and presents his own systematic conclusions about the nature of Christian ethics in a book which reveals a thorough scholarship and frequently a profound understanding of the issues involved." Reinhold Niebuhr

+ Books p16 S 14 '41 700w

"Professor Whitchurch's incisive and frequently trenchant scrutiny of ethical theories, and his positive suggestions concerning the church's desperate moral ailments, are suggestive and timely indeed. Neither on its critical side—in which it is frequently polemical in tone—nor in its development of a constructive thesis—in which more is affirmed than is proved—is the book intended as a purely technical contribution. It is to be highly recommended to all church leaders and others who are disturbed over present moral confusion. Whether or not they agree with the author, they will find here rigorously honest, 'hard-muscled' and searching thought." J. N. Hartt

Digging up the past takes hold on the imagination of any child and keeps on interesting him in later years as long as he can read the newspapers. 'Lost Worlds,' I am bold to say, will be here for years to come. . . There are many photographs, some not easy to find elsewhere. Myth and tradition enter the story, but its chief attraction is its power to convey conviction that no joy equals that of digging up forgotten yesterdays suddenly revealed as more splendid than today." "In point of manner, Professor White surpasses his predecessors. Dowden's manner is not always so bad as it can be, but it can be very bad in its occasional coyness and piousness; and Pack can be sometimes heavily judicial, sometimes supercilious. But Professor White is wholly at ease with his difficult subject; he writes of Shelley with affection, as he should, but never with apology; his style is clear, simple and grave. It is a mark of virtue of Professor White's biography that, though it evades nothing of what is unattractive in Shelley's life, it is conceived as the history of a man whose greatness was his tragedy." Lionel Trilling

+ New Repub 104:637 My 5 '41 2450w

"It is ironic that the first wholly satisfying biography of Shelley should appear in a year that has witnessed the most violent assault in history on the political and moral ideals toward which his entire life and work were directed. But Professor White's book is not written for a year or a generation; it is one of those biographies that rise and fall in value only with

the reputation of the man; it is for the students and lovers of Shelley in many less turbulent years to come. Today it stands as a sad commentary on the decline of poetry and its concomitant arts during a century and a quarter of European 'enlightenment'; it will always stand as a great achievement of American scholarship." R. D. Harper

+ Poetry 57:386 Mr '41 1000w

"It is due partly to [the author's] cautious attitude that many of the outstanding Shelleyan controversies remain unsettled. There is, too, at times an inadequate appreciation of the arguments involved. Space will not allow of detailed discussion here, but we may note the separation from Harriet, the authenticity of the letter of December, 1816, written after Harriet's suicide, the Tanyrallt and Marlow 'illusions,' as being incompletely handled. In a work of this scale we might hope for a final ruling in the light of all the evidence, if only to avoid further 'chatter.'"

WHITTAKER, EDMUND. A history of economic ideas. 766p \$4 (25s) Longmans

330.1 Economics—History 40-12019

"The new arrangement of material which distinguishes this text from books in common use divides the subject according to topics of economic moment and then traces the evolution of ideas regarding these topics. Historical beginnings are examined. A discussion of contemporaneous thought in kindred fields, especially social philosophy, illuminates each development in the realm of economics. The contributions of various schools and individuals are analyzed, with careful attention to the current scene—the theories of John Maynard Keynes, authoritarianism, controversies over money and business cycles." (Publisher's note) Bibliography. Index.

"No one before Whittaker, to my knowledge, has attempted to write a full-sized history of economic thought in the form of a series of doctrinal journeys. It is a good try and I want to commend Professor Whittaker for the valiant effort he has made to hew out major doctrinal paths through the boundless forest of economic ideas that centuries of thinking have produced. . . . Since Professor Whittaker has chosen to write an 'ideological' history, I can merely ask whether he has done as well as his methodology will permit. A chapter on national income would have been most welcome; so would one on the theory of business enterprise. Neither of these topics is neglected; some of the materials are sandwiched into other chapters. I suspect that Professor Whittaker considered the possibility of much more refined taxonomy and decided that big bundles were preferable to small. Yet, here, I think, he failed to get the best possible results from his chosen method." E. A. J. Johnson

+ — Am Econ R 31:113 Mr '41 900w

"If for no other reason than that it represents a point of view somewhat different from that of most writers of histories of economic thought, this work contains useful material, especially for the teacher. When, however, one considers the reasons which appear to have motivated the author in adding another general history of economic theories, the argument is not decisive. Superficially, the outstanding argument is that arrangement by various theories or doctrines, rather than by economists and 'schools', is an important contribution. Obviously, however, the method has shortcomings." L. H. Haney

+ — Am Hist R 46:850 Jl '41 1100w

"[The book] is unique in that its organization is topical rather than chronological; it treats, in turn, basic economic concepts instead of schools of thought. The evolution of each concept is traced individually through the literature on that particular topic. . . . The work shows a depth of scholarship and provides a mass of information, which, however, has not been so well digested as the reader might wish." S. H. Patterson

+ — Ann Am Acad 211:225 S '40 500w

"In content Professor Whittaker's volume seems to the reviewer definitely to surpass any previous work in this field. From the standpoint of scholarship it is impressive for its judicious balance between the extremes of

exhaustive erudition, on one hand, and the inevitably more or less individual selection of authors, works, or topics for elaborate treatment, on the other. The selection of what is characteristic and what is relevant seems to be excellent, and the use of quotation and paraphrase both judicious and skilful. And perhaps the most conspicuous feature of the work is the author's distinguished success in the extremely difficult task of making such a large block of summary and running comment interesting to read, with scarcely any use of the usual devices of striking phrase, anecdotal and human-interest material, or the display of wit, especially satire." F. H. Knight

+ J Pol Econ 49:606 Ag '41 1300w

"Professor Whittaker has turned out the ablest history of economic thought since Gide and Rist published their great treatise. It ranges over a vast amount of material and runs from anti-opolological inquiries to the latest writings of John Maynard Keynes. Unlike most historians of economic thought, he has devoted considerable attention to the contributions of American writers. . . . Professor Whittaker's organization of the material is novel. Organization according to topics replaces the familiar principle of a chronological series of studies of the great figures." Joseph Dorfman

WHO is who in music, 1941; a complete presentation of the contemporary musical scene, with a master record catalogue. (v 1) 908p il \$5; de luxe ed \$10 c1940 Who is who in music, inc, 10 S. La Salle st, Chicago

927.8 Musicians (41-1273)

"This volume includes miscellaneous articles, classified directories, and catalogs about music, musicians, schools of music, radio stations, books, phonograph records, and even a musical quiz. The preface defines the purpose as an attempt 'to compile all essential information concerning the various phases of the musical arts which may be of interest to the artist, teacher, writer, student, concert-goer, radio-listener, and record-enthusiast.'" Subscription Bks Bul

"The book's weakness lies in its ambitious effort to serve two different musical groups at one time. The musical articles prepared for an uncritical audience offer little to the serious student, and the highly specialized types of directories, as lists of concert managers, music publishers, the music copyright information or talent buyers certainly are of doubtful value to the layman. . . . Although a good book on contemporary music and musicians would be useful, this lacks the necessary sound basic arrangement and technical substance to meet these needs. It is neither a book answering the particular needs of the layman nor professional. Who is who in Music, 1941 edition, is not recommended."

WHO'S who in America, current biographical reference service; who's who in the news and why. \$4.50 per year for monthly service, \$2.40 per year for quarterly service, if bought with Who's who in America; to nonowners of Who's who in America \$15 per year for monthly service 1939- Marquis

920 U.S.—Biography

"This useful biographical service, published monthly, aims to give not only information about the life of persons who are currently newsworthy, but also the circumstances which made them important as news. It supplements Who's Who in America and is intended to be used in connection with the current issue of that publication. In this, it is unlike Current Biography, which is complete in itself. It was stated in the earliest issue available for examination that the primary purpose of this service is 'to make available as a current biographical tool, two Marquis publications of irregular issuance, Who's Who in the News and Who's New in Who's Who.' The publishers also state that not everyone who is listed in Current Biographical Reference Service

WHO'S who in America—Continued
will be entered in Who's Who in America, but that the cumulative index will be included." Subscription Bks Bul

"Many of the articles are written informally, as in Current Biography. More of them, however, are in the manner of the entries in Who's Who in America. As in Current Biography, there is great variation in their length and style. . . . There is another innovation beginning with the January, 1941 issue. Names of current interest, which also appear in Who's Who in America, are marked with a dagger, and no other information is given. Libraries which do considerable reference work will want both Current Biography and Current Biographical Reference Service. Current Biographical Reference Service is recommended."

WHO'S who in railroading in North America, 1940. (v10) 716p \$7.50 1940 Simmons-Boardman
385 Railroads—Employees. Railroads—Officials

"The first eight editions of this publication were known as the Biographical Directory of Railway Officials of America. In 1930 when the ninth edition appeared the title was changed to its present form. The present edition includes in addition to railway officers, leaders in the railway supply manufacturers' group, railroad labor leaders, regulating authorities—both state and federal transportation economists, specialists in railway finance, educators concerned with railroad problems, I.C.C. practitioners, consultants, authors, editors, etc.' The list of names for inclusion was prepared by the combined staffs of the following periodicals, Railway Age, Railway Mechanical Engineer, Railway Engineering and Maintenance, Railway Signaling, and Railway Electrical Engineer (all Simmons-Boardman publications); and 'in several instances, authorities outside of this organization were asked to suggest the names of leaders in their more highly specialized groups.' The '5300 sketches' are based on questionnaires sent to the people included in the list. In the case of failure to return the questionnaire, the biographies were written from reports and articles which have appeared in the railway journals. . . . The present edition is more than 20 percent larger than the previous one. A thorough revision has been made by deleting

many former entries and adding a large number of new ones. Changes of position to the middle of 1940 were noted." Subscription Bks Bul

"The directory will be of especial value to business, technical, special and large public libraries. Who's Who in Railroading is recommended."

WICKEY, HARRY HERMAN. Thus far; the growth of an American artist. 303p il \$3.75 Am. artists group, inc, 106 7th av, N.Y.

B or 92 Artists—Correspondence, reminiscences, etc. 42-747

"Mr. Wickey does not plead for anything and makes no attempt to prove anything, except perhaps indirectly. His book is the autobiography of an artist now entering his fiftieth year, the unpretentious story of a man who knew what he wanted to do, worked for an ideal and found himself, according to a plan, occupying a high position in contemporary American art. . . . Mr. Wickey was born in an Ohio village and reared in an atmosphere of pioneer independence and hospitality. . . . His first years in New York, he says, were the toughest of all. A job as subway guard on the Interborough kept him alive while he studied illustration with Harvey Dunn. Just as he was getting a foothold as an illustrator, the draft caught him and carried him abroad with the A. E. F. . . . From 1920 to 1935 his main source of income was his teaching. Today he lives with his wife at Cornwall on Hudson, as independent as a man can be in these days, and devoting his talents, for the most part, to sculpture." Books

"His book should be an inspiration to all young Americans, not only the self-pitying youngsters who imagine they are being put upon, but those with ideals and aspirations who are wondering if American boys can still go places." Thomas Craven

+ Books p2 D 7 '41 500w

"Wickey's contribution to the philosophy of art is modest indeed, and his life story, his aphorisms, and the pictorial summary of his activity included in this volume asked for briefer and more selective treatment. This is the fifth book published by the American Artists Group in the praiseworthy effort to let the artist put himself on record while he lives. The slimmer monographs of the Whitney Museum series, and the Hyperion picture-books with a minimum of text and large-scale reproductions, suggest a more appropriate and useful way of introducing the American artist to his fellow-Americans." Oliver Larkin

WILDES, HARRY EMERSON. Anthony Wayne, trouble shooter of the American revolution. 514p maps \$3.75 Harcourt

B or 92 Wayne, Anthony (W) 41-18202

"The author of Valley Forge and The Delaware has written a full length, realistic biography of one of the greatest fighters of the American Revolutionary War; a man heroic in battle and less heroic in private life. The background of the Revolution with its poverty, discouragements, its exhausting struggle, political maneuvers, and its leading generals, is brought close home. Wayne draws our admiration and imitation, as he did that of his friends. The author has used source material, extensive historical research and avoided the sentimental and sensational." (Library J) Bibliography, Index.

Booklist 38:51 O 15 '41

"Mr. Wildes has written affectionately and imaginatively of this Pennsylvanian who comes from the region that he knows so well. He has drawn upon rich resources of source material, much of it heretofore unavailable, and on his own intimate knowledge of the Revolutionary campaign country. He has not tried to make out Wayne to be a great strategist or a great man; he has, if anything, overemphasized certain defects of character in his hero. . . . Yet the book is diffuse, the style overornamental and some of the reconstruction clearly imaginative." H. S. Commager

+ — Books p2 O 12 '41 1050w

Christian Century 58:1177 S 24 '41 130w

"Mr. Wildes has apparently left nothing undone to make this a complete biography. Some 10,000 Wayne letters, most of them hitherto unavailable, have been examined, with the result that his account of Wayne is detailed and documented. Wayne certainly becomes more than 'Mad Anthony,' more than the leader of dashing charges and hero of Stony Point, and more than the romantic friend of beautiful Mary Vining."

+ Christian Science Monitor p11 N 22 '41
700w

"This is the most thorough study to date of 'Mad Anthony Wayne,' who, as Mr. Wildes proves through the record and by some excellent character-drawing, was far from deserving of the sobriquet which kept his fame shadowed for generations. This fascinating book shows that instead he was not only one of the most brilliant of American Revolutionary

War generals, but a man who spent periods of military inactivity trouble-shooting." G. E. Shipler, Jr.

+ **Churchman** 155:21 O 15 '41 250w

"Written with vigorous impartiality of judgment, noticeable in Mr. Wildes's previous historical work, this book maintains, even adds to, Wayne's reputation as a hero. It is not an apotheosis of unhistorical heroics. The superlative justification of this new life is its use, for the first time, of hundreds of letters and private papers still in the possession of the Wayne family. As a result, Mr. Wildes has penned a series of portraits of Anthony Wayne—at home, in society, in politics, as a land speculator, in war. Wayne and his times are vividly alive." D. S. Rankin

+ **Commonweal** 34:572 O 3 '41 360w

"Of special Pennsylvania interest and of general interest. Recommended." H. A. Wooster

WILEY, GEORGE MARTIN. The redirection of secondary education; a social interpretation. 493p \$2.50 (10s 6d) Macmillan

373 Education, Secondary. Education—U.S. Education—Philosophy. Education—Aims and objectives 40-11114

"The author believes that in a democratic society such as ours the dual purpose of any sound program combines education for social and civic responsibility with education for self-realization; that the 'ideal of democracy is that the individual and society may find fulfillment in each other' (p. 21). He believes, furthermore, that, since life and living are inextricably interwoven with education, teachers and administrators who would build a sound and effective program for American youth must not only be aware of the mutual interdependence of school and community but must also possess a sound philosophy of what constitutes a wholesome and desirable com-

munity life. With this point of view succinctly stated, then, Wiley presents in clear, readable fashion the problems which the American secondary school of the post-war period has faced and will face in the future, and he suggests solutions that have been attempted or are in process." School R

"It is a 'steady pressure' volume rather than one that would turn the world upside down and shake the last fragments of the old system out of its pockets. The author writes from a position in a state department of education, which gives him a chance to be in touch with the best and still keep his feet on the ground." C. C. Crawford

+ **School & Society** 53:189 F 8 '41 220w

"The book is one that should be of interest and value to both teachers and administrators because the problems presented are crucial for both." Lucetta Sisk

980 Latin America—History (W) 41-6959

Textbook for college courses in South American history. "The volume is divided into two essential sections: the period from earliest times through the revolutions for independence, and the period since about 1824, including the international relations of the several countries. . . . [The author has] attempted to present a balanced picture of the development of Hispanic America from the earliest times through 1940, although in the discussion of each country the decade of the Depression is emphasized. . . . This emphasis, with the background material which precedes it, should make the book of especial interest to students of the contemporary scene in Hispanic America." (Pref) Index.

"The section on colonial development is a boon to teachers struggling with the task of presenting the problems of colonial administration with accurate simplicity. The same may be said of the chapters dealing with the revolutionary period. The summaries of the political developments of the states during the national period, found in the chapters on the various countries, are characterized by the same accurate simplicity. The clear and concise way in which these matters are handled leads to the conclusion that the book is the most servicable for those teaching Latin-American affairs." W. M. Gibson

+ **Am Pol Sci R** 35:1210 D '41 300w

"This book is the most up-to-date work and one of the most comprehensive works on Latin America in any language. It will become indispensable for the study of the Indo-Hispanic part of the Western Hemisphere, whose already great importance is increasing every day." R. F. Behrendt

+ **Ann Am Acad** 216:194 Jl '41 700w

"An excellent way of plunging into any subject is first to read a sound orthodox treatise of acknowledged scholarship and then to reach out to less orthodox works. In the case of South America lusty readers of sound constitution could not do better than tackle Professor Wilgus's immense volume. From the standpoint of orthodox scholarship 'The Development of Hispanic America' is the definitive volume. . . . Professor Wilgus will not be read for his imaginative syntheses or his profound penetration, much less for his style. He is no Cunninghame Graham, no Humboldt, or Las Casas, or Bernal Diaz, but a thorough consulter of the documents in the case. One will open his book confident that upon almost every important point it will direct the reader to the core and essence of the matter." Ralph Bates

+ **Nation** 153:120 Ag 9 '41 390w

"To a field not overcrowded with usable materials Professor Wilgus, in his new volume, makes singular contributions, especially in the extensive bibliographies, the abundance of

WILGUS, A. C.—*Continued*
maps, and the outlines of constitutions. In his organization, he has attempted 'no radical departure from orthodoxy.' . . . The chief criticism of Professor Wilgus' work is in his treatment and style. The average undergraduate will desire more of the interpretative and analytical and less of the encyclopedic. At times the narration approaches the nature of a compendium. . . . For a work of such magnitude there are few errors. The format is excellent, although there are no illustrations." H. F. Peterson

+ — Social Studies 32:286 O '41 600w

"Obviously the organization of such a mass of facts required not only ruthless condensation and adroit skill but a sharp sense of historical values. The scholarly result is modern in its appreciation of related trends and achieves the near-impossible by combining with its other virtues a readable quality rarely found in formal histories." Emilie Bruguere

WILLARD, JAMES FIELD, and MORRIS, WILLIAM ALFRED, eds. The English government at work, 1327-1336; 3v; v 1, Central and prerogative administration. 467p maps \$5; to members \$4 Mediaeval acad.

342.42 Great Britain—Politics and government. Great Britain—History—Edward III, 1327-1337 (40-12240)

"This volume is the first of three which are planned to describe the administration of England during the first ten years of the reign of Edward III. Initiated by the late Professor James F. Willard, the project is an enterprise

of coöperative scholarship. . . . The present volume is composed of essays by nine contributors—four resident in the United States, three in England, and two in Canada." Am Pol Sci R

"The few factual errors which have been noted are unimportant. Whatever the age of the contributors, this seems young work undertaken by those expertly trained in research. Each succeeding scholar adds to or corrects the findings in recent articles or monographs—perhaps his own. We sense a group with little formal coherence but mindful and watchful of one another and with a common outlook. There is enthusiasm and freshness of approach; there is insatiable curiosity about every detail in this phase and stage of growth of England's surpassing gift to the world. Undeterred by any fashion of sophistication or sneer at 'that noble dream', these scholars do tell us more of how it really was." A. B. White

WILLCOCKS, MARY PATRICIA. Mary, queen of Scots. 430p il \$3.75 Norton [12s 6d Allen, G] B or 92 Mary Stuart, queen of Scots 40-8124

"The new material [in this biography] concerns the Norwegian lady, Anna Trondsson, who was either betrothed or married to Bothwell and certainly deserted by him in the Netherlands, when he carried off her dowry and left her with a baby. The new inference concerns the authorship of certain of the Casket Letters, which seem, according to this presentation, more likely to have come from Anna Trondsson than from the Scottish Queen." Books

"The chief reason for this volume—beyond the known fact that anything about Mary Stuart will be read by a great many people—is that it enriches the record with at least one new set of facts and at least one new inference. . . . Otherwise its chief features are balance—an unusual quality in a biographer with a subject inspiring such controversy—and power to convey to the reader a sense of time and place as well as that of persons. For the general reader these qualities are of the highest value; he will get from this biography essential facts, some new theories, and a strong sense of real life drama." M. L. Becker

+ Books p14 O 5 '41 280w

"The chief merit of this new biography is that it devotes ample attention to the last nineteen years of Mary's life. This period of her imprisonment is neither so romantic nor so dramatic as her earlier career, but it is historically of real importance." C. D. A.

+ Sat R of Lit 24:19 Je 21 '41 150w

WILLCOX, WALTER FRANCIS. Studies in American demography. 556p il \$4.50 Cornell Univ. press

312.0973 U.S.—Population 41-2109

"This book by Willcox represents a collection of his essays written in the course of the last half century. . . . The material for the book was drawn chiefly from the Supplementary Analysis and Derivative Tables—a special interpretative report of the 1900 and previous censuses, prepared under the supervision of the author for the Bureau of the Census, and from the Introduction to the Vital Statistics of the United States published by the Bureau of the Census in 1933 under the author's name." Am Soc R

"The Cornell University Press has performed a valuable service in publishing this volume. It will stand as a monument to the pioneering and developmental period of American demography. It is far more than that, however,

for nearly all these studies retain contemporary value. Instructors of classes in population and vital statistics will certainly wish to refer their students to them." A. B. Wolfe

WILLCOX, WILLIAM BRADFORD. Gloucestershire; a study in local government, 1590-1640. 348p map \$3 Yale univ. press

352.04241 Gloucestershire, England 41-455

"What the author of the monograph has given us is a series of chapters on a number of important topics, drawing his material from fifty years of the county of Gloucester. He wastes little time on general background, either descriptive or historical; and after analyzing the agencies of the central government that affected the county, he describes the civil and the military officers of government of the county itself, and then discusses specific functional areas of government—taxation, 'economic regulation' (of local industry), the Forest of Dean, the towns, the parish and poor relief, and the manor. Nothing in the volume changes the familiar picture of local government as largely *ad hoc* administration by justices." (Am Pol Sci R) Index.

"The monograph is an interesting and useful study of what happened in one county during one period." E. P. Chase

+ Am Pol Sci R 35:386 Ap '41 240w

"This is a study of value both to local and national history, and it displays afresh the inseparable connexion between them."

WILLEY, BASIL. The eighteenth century background; studies on the idea of nature in the thought of the period. 302p \$3.25 Columbia univ. press [15s Chatto]

192 Eighteenth century. Natural theology. Natural law. Naturalism in literature. English literature—History and criticism

[40-31307]

"This is a study of the first importance on the place that 'Nature' occupied in the thinking of men during an age which witnessed much change, both political and intellectual. Mr Willey's discussion aims to prove that in the 18th century there was none of the quarrel between science and religion which has led to so much wordy warfare since then. There were, of course, differences between science and theology (which is not always the same as religion in spite of theologians' efforts to give the impression it is). Fundamentally, the author contends, the intellectuals of that century, which saw the beginnings of a really general interest in science, were quite conscientious in feeling that their efforts to discover the laws by which Nature was governed were far more a glorification of God's wisdom and omniscience than anything else." Springfield Republican

"For anyone who has an interest in the intellectual history of Europe and America and in those adventures of the human spirit which constitute the background of our own quests, Basil Willey's book will be a permanent treasure." W. E. Garrison

+ Christian Century 58:1304 O 22 '41 950w

"Mr. Willey has produced an unusually valuable book, which ought to prove the starting point of further studies. These studies could perhaps be most profitably made in the fields of pedagogical and esthetic doctrines." G. B. + J Philo 38:614 O 23 '41 330w

"Mr. Willey's volume is scholarly, lucid, and perceptive, one of the best intellectual histories available." Lionel Trilling

Reviewed by Raymond Mortimer

New Statesman & Nation 19:277 Mr 2 '40 1900w

"It may not be necessary to read Mr. Basil Willey's analysis of the intellectual background of the eighteenth century, but I think that many people will find that his book is not only a useful, but also a helpful check on wishful thoughts and feelings. Those who have read Mr. Willey's earlier study of the seventeenth-century background will not need to be reminded of the lucidity and grace of his expositions. These admirable and essential qualities are wholly maintained in its sequel. If there are passages of heavier reading in it, the blame must not be put on Mr. Willey but on his material, which, if it is not at times positively boring, is certainly a dustier answer than the average intelligent reader could wish to his inquiries." John Hayward

+ Spec 164:188 F 9 '40 850w

"The book deals with thought almost exclusively, and avoids the question of how influential that thought was in practice. Like most works of the sort it has a distinctly limited appeal. However, the serious reader who is prepared to disregard common prejudices as to Hume's 'atheism' and similar matters will find this an illuminating book which well rewards time spent in perusing it. Mr Willey has already written a similar study on the 17th century." D. D.

WILLIAMS, BEN AMES. The strange woman. 684p \$2.75 Houghton

(W) 41-18119

Everybody thought Jenny Hager a good woman and a model of virtue, everybody but the seven men who knew her best. This story of a wicked but beautiful woman extends, in time, from the War of 1812 thru the Civil war, with Maine as its scene.

Booklist 38:81 N 1 '41

"The character of Jenny Hager, as Mr. Williams admits, 'assumed command of the book' and dominates it as she dominated the strong men and the weak whose passions she aroused and whose happiness—when she grew tired of them—she destroyed. Her career is a long, much too long, recital of cruelty, cunning and copulation, and her victims are strewn about in such grotesque profusion that it verges on the fantastic. The style matches the turbulence of the heroine's emotions in flamboyant abandon." George Conrad

Books p10 S 21 '41 460w

"Probably there will be as many separate opinions of Jenny Hager as there are individual readers. One fact seems abundantly clear: Mr. Williams has written the most original and controversial novel of his entire career. The chances are it will be read and talked about by persons to whom Ben Ames Williams before now has been merely a familiar name." Margaret Wallace

N Y Times p6 S 21 '41 950w

"This is not a properly co-ordinated book
but a series of loosely linked monographs on
various aspects of Shakespearean research.
The style in which they are composed sug-
gests that originally they were lectures to be
delivered before an audience. There is much
rhetoric; there are many clichés; and there is
a constant reliance for telling effects upon
archaisms and Wardour Street English." S. C.
Chew

— Books p11 Ag 31 '41 1100w

"Set down in readable and enjoyable fashion
by a man who has been at this work since
1902. He has condensed without sacrificing a
whit of his delight in his subject. The stage
history of Shakespeare's plays is brief but ad-
mirably comprehensive for England and
America. Highly recommended for wide general
purchase. A real librarian's tool." George
Freedley

+ Library J 66:356 Ap 15 '41 120w

"I was disappointed not to find in 'Mr.
Shakespeare of the Globe' something which the
pun in the title seemed to promise—a survey
of his influence in other countries. Voltaire's
version of 'Hamlet,' 'King Lear' as staged in
Tsarevokokshaisk and certain solemn researches
of German scholars might afford more genuine
fun and human interest than Shakespeare's
filial affection or the hounding of masked
W. H. and a disheveled brunette through the
trimmed hedges of the Sonnets." Vladimir
Nabokov

New Repub 104:702 My 19 '41 650w

"This is a new and, on the whole, a better
kind of Shakespeare omnibus. The Works of
Shakespeare as edited and criticized by the
pundits are one thing, and Master Will Shake-
speare, playwright and producer of the Globe
Theatre, is quite another. If what you are
interested in is his development as a poet and
interpreter of the human scene you must look
elsewhere; but if you prefer to begin, as
Shakespeare himself began, with practical
problems of living and playmaking, you may
go farther and fare much worse." John Corbin

WILLIAMS, OSCAR, ed. New poems: 1940; an
anthology of British and American verse
[foreword by George Barker]. (Living age
bk) 276p il \$2.50 Yardstick press, 100 5th
av, N.Y.

821.08 English poetry—Collections. Ameri-
can poetry—Collections 41-11857

This anthology includes poems by Conrad
Aiken, W. H. Auden, George Barker, R. P.
Blackmur, Horace Gregory, Robinson Jeffers,
Archibald MacLeish, Louis MacNeice, Marianne
Moore, Frederic Prokosch, Muriel Rukeyser,
Stephen Spender, Allen Tate, Dylan Thomas,
Oscar Williams, William Carlos Williams,
Marya Zaturenska, and others.

Cleveland Open Shelf p19 O '41

"This anthology, one which aims at present-
ing 'living poetry' of the 'crisis years,' is
the most important anthology to be printed
in America. . . . The 'established' poets are not
only 'adequately represented,' but more often
than not are represented by poems written
during the last year. . . . The poems, there-
fore, are not 'time-honored,' but one feels they
will be honored by time. The collection is
edited with intelligence and sensitivity and
with no regard for commercial appeal, a nov-
elty in the way of American anthologizing.
Still, it would be unfortunate if it were not
widely distributed, if it did not find a place
in every library and classroom in America."

Willard Maas

+ Living Age 360:299 My '41 400w

"The poetry here is on a surprisingly high
level. There are at least three or four very
good poems and perhaps one great one. The
credit belongs of course to the poets, but the
responsibility for the presence of so much
good verse in an anthology that confines it-
self roughly to a single year is particularly
Mr. Williams's. I like his taste, I like his
prejudices—even though I may suspect oc-
casionally the intrusion of the politics of the
professional poet and the man about poetry."

Clement Greenberg

+ Nation 152:730 Je 21 '41 850w

"There is a wide range of tone, power and
thought in this volume. What gives the poets
included a common bond (and here perhaps
we may find the real basis for their selection)
is clarity of perception into the apparent chaos
of the age, intensity of emotion about man's
conflict in the historic process, vividness of
directly observed image, compactness of naked
thought liberated from literary convention,
speed in the movement of ideas and words."

Joseph Freeman

+ New Repub 104:799 Je 9 '41 850w

"This anthology, has some excellent writing
to recommend it. . . . It is no *annus mirabilis*,
1940 in poetry, but it is on the whole a vig-
orous and courageous year. I do not see that
Mr. Williams has introduced conspicuously new
talent. But there is nothing to discredit the
faith one has in poetry as a touchstone when
our emotions are confused." P. M. Jack

+ N Y Times p2 S 14 '41 650w

Reviewed by E. L. Tinker

N Y Times p41 O 26 '41 400w

"The anger is genuine, the hurt acute, the
cries reflect emotions on the whole sincerely
felt. The poets are writing, as Mr. Spender
observes, 'in a world running dark and turning
cold.' . . . Yet one has a feeling constantly in
this anthology that their collective grief and
collective hurts, thus arrayed before the read-
er, do not represent a full coalescence of ex-
perience and art. The anthologist does the
poets a disservice, however much he may stimu-
late the reader; for these fragments of poetic
experience, written under the duress of war,
placed in the body of the poet's work, assume
their proper proportions; isolated from it and
'anthologized' they may grossly misrepresent
him. That is true in a sense of any anthology;
but it is painfully true in this case where the
poets have been harnessed to Time, as the
newspaper is harnessed to the date on its
masthead." Leon Edel

WILLIAMS, THOMAS HARRY, Lincoln and
the radicals, 413p il \$3 Univ. of Wis. press
973.71 Lincoln, Abraham. U.S.—History—
Civil war. U.S.—Politics and government—
Civil war 41-53088

History of the war behind the Civil war. It
describes the constant battle between the radi-
cals of those days, in Congress and in the
Republican party, who were attempting to
foment a social revolution in the South, and
Lincoln whose aim was, at first, simply to
preserve the Union. It is the author's thesis

that the radicals finally won, and that the ensuing years of carpet-bagger rule were the result. Bibliography. Index.

"Lincoln and the Radicals is the work of a scholar who can write. A narrative that could easily have been pedestrian, if not downright dull, skips along in lively fashion. And for that reason, a warning may be in order. After all, politics—even politics for keeps—was only one phase of the Civil War. . . The Radicals bedeviled Lincoln unceasingly, and at times they changed the stream of history. But more often than one might assume from Mr. Williams's book, they were only froth flecking a current too strong for any group of men to control." P. M. Angle

+ Books p29 N 23 '41 500w

"The book by Professor Williams is permanently important. . . For all its importance, however, Dr. Williams' book cannot be cleared of the charge of partisanship. Surely it is hardly an adequate explanation of the political history of the war to put all the blame for its length and its savagery and its final transmutation into the brutalities of the reconstruction period on a group of evil men who made up the radical wing of the Republican party. Granted that Ben Wade and Zach Chandler were not attractive characters. Still men like George W. Julian and Lyman Trumbull were not villains." Paul Hutchinson

+ — Christian Century 59:48 Ja 14 '42 390w

"The book has its flaws. Somehow every general who turns radical does so for purely political-expediency reasons. The writer does not permit the thought to enter his pages that some of those men may really have been persuaded of the desirability of freeing the slaves and arming them. . . There is throughout the book an implicit attitude of condescension toward the Negro: of contempt for the radicals who finally defeated Lincoln and allegedly insisted—in the closing sentence, borrowed from Claude Bowers's disgraceful novel—on a 'tragic era' after Appomattox. These flaws, aside, however, Mr Williams's volume is a significant contribution to the history of the Civil war. To many readers it may be added, the work will suggest lessons to be applied in the nation's present ordeal." S. L. Jackson

WILSON, MRS DESEMEA (NEWMAN). See Patrick, D., pseud

WILSON, EDMUND. The boys in the back room; notes on California novelists. 1td ed 72p \$2.50 Colt

813 Novelists. American literature—California 41-51881

"To the salutary caustics that have been applied to Hollywood, Edmund Wilson now adds his mite of astringent. Rising from a long submergence in nineteenth century politics and literature, he seems to have regaled himself with practically the complete works of James Cain, John O'Hara, Richard Hallas (apparently once a pen name of Eric Knight), William Saroyan, Hans Otto Storm and John Steinbeck; to have found that all of them have lived in and written about California (usually spelled Hollywood); and that they might therefore be considered as a group. Appended are random notes on two others, Nathanael West and F. Scott Fitzgerald, also associated, before their untimely deaths, with the 'movie' center." Books

Booklist 38:7 S '41

"Although Mr. Wilson's estimates of the various novelists are only fragmentary we gather from among the flashes of sarcasm that for all their strays and errings these young men are artists to be reckoned with. . . Mr. Wilson's most illuminating note is that on Steinbeck, in whose variety he finds a strange constant, to wit, the tendency to present life

WILSON, EDMUND—Continued

in animal terms. . . "The Boys in the Back Room" leaves one with the feeling that California is a paradisaic mirage where novelists go to be forgotten—and where critics promptly follow to keep reminding them of their fate." Milton Rugoff

Books p14 Ag 3 '41 480w

"One can't help feeling, after reading this book, that Mr. Wilson the moralist, deeply resentful of the waste of talent, the lack of self-respect and intellectual integrity of 'the boys in the back room,' has chosen this rather glib title to serve as vehicle for his generalizations on the influence of Hemingway and of Hollywood—only to be confronted by Steinbeck and Storm, who are not fellow-travelers at all and, whatever their limitations as artists, are as morally aware as Mr. Wilson himself." WILSON, EDMUND. The wound and the bow; seven studies in literature. 295p \$3 Houghton 804 Literature. Authors (W) 41-14343

"The title of these critical essays is taken from the last of the seven, 'Philoctetes: the Wound and the Bow.' Sophocles' wounded and loathsome hero with the invincible bow symbolizes one who is at times abhorrent to society yet has a superhuman art that normal people need. The use of this title is suggestive of Mr. Wilson's treatment of the six other authors: Dickens, Kipling, Casanova, Wharton, Hemingway, and Joyce. (Library J) Contents: Dickens: the two Scrooges; The Kipling that nobody read; Uncomfortable Casanova; Justice to Edith Wharton; Hemingway: gauge of morale; The dream of H. C. Earwicker; Philoctetes: the wound and the bow.

Booklist 38:7 S '41

"It is only when Mr. Wilson lapses into the petulant dogmatism which has lately appeared in his work, when he becomes merely assertive, as in the Hemingway essay, that he shocks us into a sudden awareness of his limitations. For the rest, his honesty is so winning, and his skill so manifest, that he seems irresistible, and even his obiter dicta absolutely right. I happen to admire Mr. Wilson's work so passionately that I sometimes think I would find even his laundry notes interesting." Alfred Kazin

+ — Books p2 Ag 31 '41 1000w

"Five of the studies deal with the work of Victorian or contemporary novelists, and Mr. Wilson is eminently fitted to turn on their writings the spotlight of modern scientific criticism. . . At times, the jig-saw pieces fit neatly together; at others, a disconcerting gap appears. . . What has been said does not preclude the fact that The Wound and the Bow is stimulating and that there are some excellent things in its pages, such as the evaluation of the biographies of Dickens; the passages on stage setting in Edith Wharton's novels, and the interpretations of Philoctetes' play as a parable of genius and its limitations." Eleanor Downing

+ — Cath World 154:500 Ja '42 900w

Cleveland Open Shelf p16 Jl '41

"The opening essay on Dickens is almost a small volume in itself, and is tops on the subject, so far as this reviewer is concerned. The

latter has often asked himself just why Mr. Wilson has always seemed to him the best literary critic writing in the English tongue, unless it be for the unscientific reason that he usually finds himself in complete agreement with almost all of Mr. Wilson's judgments. But there is something else, and this book is a good test of the balance. Its three hundred pages represent a maximum of wit, erudition, literary tact, delicate profundity, a tireless search for the right word, the unerring value. It is in the best tradition of great literary criticism, and appears more Latin, or French in quality than Anglo-Saxon." Cuthbert Wright

+ Nation 153:348 O 11 '41 2500w

"One is left with the wish that Wilson would develop his insights more thoroughly. Is it lack of staying-power or fear and scorn of the academic tradition that makes some of our best critics write notebooks rather than volumes? It would be unfair to charge the author of 'To the Finland Station' with the former, so perhaps it is the latter. Whatever the cause, at least one reader wishes these essays had been longer." David Daiches

New Repub 105:257 Ag 25 '41 1250w

"Edmund Wilson's ranking among top-flight U.S. literary critics will not be bolstered by his new book. But he still writes, as few Americans can, with the dry-wine deftness of a cultivated Frenchman. And his findings are still of value to all serious students of literature."

+ — Time 38:74 Ag 18 '41 470w

"The reader will accord Mr. Wilson many critical virtues. One may suspect that he, like Philoctetes, has suffered a wound which in some way has given him special powers of insight and sympathy. But these critical virtues bring their own disabilities: the wounded, the earnest, the intense, are not the people to appreciate the humor of things. Mr. Wilson, for example, takes Dickens's hypocrites and scoundrels too seriously, and loses a good deal of the fun of them; he takes 'Stalky' too solemnly to be amused. He allows the wrongs of the world to hurt him too much. A touch of that ironic humor which Mr. Wilson has exhibited elsewhere, is needed in this book. Yet its solid virtues will advance his fame as one of the best literary critics now writing." W. C. DeVane

WILSON, HUGH ROBERT—Continued

"Mr. Wilson's observations are embedded in pleasant personal chit-chat, glimpses of life and people . . . which, I suspect, fail to do full justice to the author. Only inferentially does one perceive the high technical competence, the professional ability as observer, administrator and negotiator, which Mr. Wilson brought to his chosen career. But even remembering these things, the book is still an exposition of the weakness as well as the strength of the professional diplomatic tradition in these torrential times. For all his ability, one never feels that Mr. Wilson got much beneath the surfaces of the vast social forces with which he was dealing, never very far away from the polite, cultivated, upholstered and slightly 'Blimpian' backgrounds which have misled even the ablest of the professionals into seeing the shock of world systems as something to be settled between gentlemen over the coffee cups." Walter Millis

WILSON, PERRY WILLIAM. The biochemistry of symbiotic nitrogen fixation. 302p il \$3.50 Univ. of Wis. press

631.847 Nitrification. Symbiosis 40-28819

"This monograph [has been] prepared by Prof. P. W. Wilson with the help of his colleagues in the Department of Agricultural Bacteriology of the University of Wisconsin. . . The monograph is described as a sequel to the well-known earlier one from the same department by Fred, Baldwin and McCoy, and refers especially to those aspects of symbiotic nitrogen fixation (chiefly biochemical) that have undergone considerable development in the last decade. Topics dealt with include the biochemistry of the bacteria in pure culture, the interaction of host plant and bacteria, the chemical mechanism of the fixation process, the effect of the carbohydrate-nitrogen balance in the host on fixation, excretion of nitrogenous substances from nodules into rooting medium, physico-chemical studies of possible enzyme systems, and a discussion of practical applications. A certain number of hitherto unpublished observations, views, and conclusions are included, and several hundred references are furnished, mostly to publications of the last ten years." (Nature) Index.

"The most valuable chapters are those which deal with the physiology of the bacteria, the interaction of bacteria and host in fixation, the chemical mechanism of the fixation process and the physico-chemical characteristics of the nitrogen-fixing system. The literature is critically reviewed, and assembled in an admirable author index, complete with titles and full citations. This book should appeal to chemists interested in the applications of biochemistry to the study of the nitrogen fixation process and be most valuable to agronomists and bacteriologists concerned directly or indirectly with problems connected with the growth of legumes." A. G. Norman

+ Am Chem Soc J 63:1775 Je '41 320w

"Prof. Wilson is endowed with a keenly critical mind, and does not hesitate to expose what seems to him to be faulty technique or reasoning. The result is that it is not unknown for him to be involved in disputes with other investigators, but few will quarrel with the view he expresses here that controversy is in fact desirable and useful, provided it avoids the acrimonious." WINWAR, FRANCES (MRS B. D. N. GREBANIER). American giant: Walt Whitman and his times. 341p il \$3.50 Harper

B or 92 Whitman, Walt (W) 41-22157

Full length biography of the American "poet of democracy" by the author of Poor Splendid Wings, and Oscar Wilde and the Yellow Nineties. Bibliography. Index.

Booklist 38:112 D 1 '41

"There can be little question that this, the fifth of Miss Winwar's biographical studies, is her best book to date. It is more sharply focused than its predecessors, more deftly composed, more clearly conceived in relation to previous biography and criticism of Whitman. It is undoubtedly the most readable life now available of one of America's first-rate men. Miss Winwar writes engagingly, with a novelist's eye for salient detail. Yet she has not fully learned how to avoid faults of hasty judgment and scholarly irresponsibility that have long been her besetting sins. One can only regret that a fine talent for superstructure should be so unsure in the matter of foundations." G. F. Whicher

+ — Books p2 N 16 '41 850w

WISE, MRS EVELYN (VOSS). Wheels in the timber. 252p \$2 Appleton-Century

41-3616

The early chapters of this novel tell the story of Alexander Rogers' early years, his struggles for a footing in the lumber business, his successes in business and politics, and his happy home life. The latter chapters show him as a man past eighty, wealthy, famous, but bereft of all his family except his two grandsons. The conflicts between two generations and two cousins serve as the theme for this part of the book ending in a climax of forest fire.

B or 92 Physicians—Correspondence, reminiscences, etc. (W) 41-5896

Autobiography of an American woman doctor, who graduated from Cornell when that institution was very young, and went about the serious business of becoming a doctor in the 1880s. Finishing her education in this country she went to Vienna and Prague for further study, and tho hampered by the feeling against woman doctors, managed to get into several important hospitals and clinics. Her first general practice in this country was in Pittsfield, Massachusetts, and she has worked in the Grenfell posts in Labrador, in France during the World war, and in the Kentucky mountain districts. In 1931 a heart condition was responsible for her retirement.

WITTLIN, JOZEF. Salt of the earth [tr. by Pauline De Chary]. 314p \$2.50 Sheridan [7s 6d Methuen]

[41-16497]

The first of a trilogy, constituting "an epic of the Unknown Soldier" of the first World war. It is the story of one Peter Neviadomski, an uneducated, clod-like Ruthenian peasant, called upon to give up the pathetic little round

of his daily life and serve as a soldier in the army of the Emperor Franz Josef. This volume covers only the first six weeks of the war.

"Reading Wittlin's novel some years ago in French, it impressed me as a work of exceptional power. Because of the statuesque simplicity of its style it did not seem like a translation but might as well have been written in French originally. And now, having reread the novel in the American edition, I find that the story of Peter Neviadomski seems quite as much at home in English." Marianne Hauser

+ Books p6 O 5 '41 700w

Nation 153:649 D 20 '41 150w

"'Salt of the Earth' took Joseph Wittlin ten years to write, and for a change it is not that kind of book. It is the simple, vivid and quietly passionate story of an unknown Polish soldier in the early days of the last war, the Polish Everyman, the eternal fall guy. The author is now at work on two more volumes to complete a trilogy, to be called 'The Saga of the Patient Foot-Soldier,' which will carry his Unknown Soldier through the war. This should by rights make the book an epic, with all an epic's sandbag-and-old-historical-documents character, but so far it is simply not that sort of writing. It is an intimate and always ironic picture of the war, not on a canvas of titanic battles and vast strategic movements, but on the smallest canvas imaginable—Peter Neviadomski." S. E. Hyman

+ New Repub 105:559 O 27 '41 800w

"The esteem this novel has won from critics abroad may be readily understood. It has three qualities, rare enough in combination: a deep sympathy for the humble and down-trodden, a passionate sincerity in the expression of this sympathy and, what is very important, a competent craftsmanship. Nevertheless, until the whole work is done, it is difficult to measure the degree of its greatness." John Cournos

+ N Y Times p8 O 5 '41 850w

"Mr. Wittlin is well known in his native Poland, and this novel has already been translated into nine languages. In English, in spite of its patent sincerity and high purpose, it is heavy going."

New Yorker 17:87 O 4 '41 50w

"Wittlin's work does not lack for distinctive qualities of its own; he brings to it some irony, much pity, a studious objectivity, and a remarkable absence of hate or passion. It is this last absence which, almost like a presence, suffuses all of his pages with a cool light. There is no fuming and bitterness to destroy focus. Every character who appears, from the mighty Franz Josef to the little Galician railroad porter who is impressed into the Royal Armies, is outlined with an imperturbable clarity. . . The result is clearly to be seen, an atmosphere of unmistakable truth." N. L. Rothman

WOLFE, DON MARION. Milton in the Puritan revolution. 496p \$4 Nelson

B or 92 Milton, John, 1608-1674 41-5730

"Mr. Wolfe presents Milton as a left-wing radical who challenged the traditions of both church and state, even the Puritan traditions, and an ardent humanitarian whose impulse derived from his own 'rebellious individualism,' his personal searching of Scripture, and his acceptance of the Renaissance heritage of humanist learning 'oriented toward pagan and classical antiquity.'" Christian Century

Am Soc R 6:928 D '41 20w

"Wolfe's scholarly piece of research into Milton's place in the Puritan revolution is a worthy and valuable addition to the number of recent works—such as those of Haller, Knappen, Jordan, Walten, and Miller and Johnson—which have been progressively dispelling the ignorance and prejudice that had too long clouded the reputation of Puritanism." W. E. Garrison

+ Christian Century 58:626 My 7 '41 900w

"Milton's position as a political thinker is made clearer, and the value of the book is greatly enhanced, by Dr. Wolfe's thorough presentation of the contemporary background of ideas and his extensive reference to the other important theorists and reformers, such as Overton, Roger Williams, Lilburne, Walwyn, and Winstanley. The volume is a significant contribution not only to our knowledge of Milton but also to the history of ideas." D. A. Roberts

+ Nation 153:490 N 15 '41 240w

"Mr. Wolfe has given us a rich, scholarly volume that is fully worthy of the events and themes he discusses. It will become indispensable not only to anyone interested in Milton but to the student of one of the most fascinating periods in the history of political thought." D. W. Petegorsky

+ New Repub 104:606 Ap 28 '41 1400w

WOLFE, D. M.—Continued

"This is a timely book, well worth wading through, since so much that agitated Milton's contemporaries is perturbing people in countries, mercifully other than our own, where the churches, with the property that belongs to them, are contending both with the State and with more primitive forms of religion than the churches care to acknowledge. . . 'Wading through' is, however, a more correct term than 'reading,' for it must be admitted that only the earnest Miltonian or the minute historian will be altogether easy in this volume. It is, as the author admits, repetitive; but a worse defect is that there is no consecutive narrative to bind the sweep of ideas together." Bonamy Dobrée

"Many of the pieces in this book of stories and essays might be considered revisions that Wolfe would have been willing to show to a critical audience, but still work that would take further rewriting. 'The Lion at Morning' and 'The Hills Beyond,' parts of an incomplete novel, must be appraised from another point of view. They are proof that Thomas Wolfe had not shot his bolt." W. A. S. Dol-lard

+ Books p6 O 19 '41 1250w

Cleveland Open Shelf p24 D '41

"It is well that this is to be the last selection from Wolfe's manuscript. For obviously the ladle that skimmed the cream for the present volume occasionally dipped pale blue milk. 'Gentlemen of the Press,' a one-act play, and 'On Leprechauns' might well have been left in the great vat of unpublished manuscript, ultimately to be separated into sour curds

and whey of doctoral dissertations. . . A lean, stripped style and characters invented, not remembered—these Wolfe strove for in his last work. But they were not the method for a gusty Gargantuan savor of life." Sister Mariella

— + Commonweal 35:97 N 14 '41 450w

"American literature will be enriched by this volume. Highly recommended." Katharine Shorey

+ Library J 66:841 O 1 '41 90w

"The Hills Beyond' amply justifies its publication as the last work we are to have from the man who was the most promising American writer of his generation. It contains some of his best, and certainly his most mature work. The unfinished novel from which the book takes its title would, I think, have surpassed in creative power those other four on which his reputation must rest." J. D. Adams

+ N Y Times p1 O 26 '41 1150w

"People have made up their minds about Wolfe, and this volume will not cause them to alter their opinions. It does not alter mine—that Thomas Wolfe had unique gifts of vocabulary, passion, and energy and that he had two major defects. One of these was a plain lack of intelligence, the other an inability to view himself with humor. He was a wonderful writer. It is hard to think him a great one." Clifton Fadiman

+ New Yorker 17:93 O 18 '41 700w

"I honor the great writer of prose, the elemental force, the vast and primary lyricity which made Tom Wolfe so wonderful and compelling a novelist. In the face of his achievement one is prepared to forgive the repetitiousness, the tedium, the childish emotionalism which intermingle with his mature, his dramatic, and his rhapsodic pages. Except in the single item of parts of 'The Hills Beyond' (the fictional fragment, not this whole book) I must honestly report that to market this book as 'the first appearance in book form of some of Thomas Wolfe's best fiction' is not candid. If the reference is to 'The Lost Boy' and 'Chickamauga,' the buyer is going to wonder why such prentice work as 'Gentlemen of the Press' is included; and if the reference is to the entire contents of this book, I can only flatly deny what the dust jacket says." H. M. Jones

+ Sat R of Lit 24:7 O 25 '41 800w

"The Hills Beyond' is sure to emphasize the loss to American letters by the death of Wolfe. 'You Can't Go Home Again' revealed a writer gaining mastery over his art. This last piece of work shows an even greater mastery. Wolfe's prose has kept its innate musical quality, but it has attained strength and hardness, nor has the power of his pen to evoke color and sound been impaired by the new objectivity." E. H. C.

+ Spring'd Republican p7e O 19 '41 800w

"The Hills Beyond contains some of Wolfe's best work, and one or two old shoes besides."

WOLFF, MARITTA MARTIN. Whistle stop. 449p \$2.50 Random house

(W) 41-51795

Portrait of a shiftless, drab family, the Veeches, living on the outskirts of a Michigan town. Ma Veech, fat and easy going, is the head of the tribe; Sam, her quiet elderly husband is almost out of the picture. There are six children, of whom Mary, mistress of the town's biggest racketeer, and Kenny, a handsome, brutal, lazybones, are the chief characters. The others are all vividly characterized, but count for less in the picture of this northern edition of a Tobacco Road family.

"The story of a raffish American family going to the dogs in a way at first rather amusing to watch. The book won the Avery Hopwood Award in fiction a year ago and the publishers would credit it with a 'provincial' significance, but this is far-fetched. For a clan as coarse, improvident and debased as the Veech family is representative of only a single element in American life, and that degeneracy." Edward Weeks

Atlantic Ag '41 120w

Booklist 37:465 Je 1 '41

"In many ways [Miss Wolff's] work recalls the first books of three other novelists, all of them individuals who struck a new note in fiction. She has the lush vitality of Thomas Wolfe, the concentration on the unusual among the lowly that characterized Carson McCullers's first novel and the rich and casual bawdiness which made Victoria Lincoln's 'February Hill' a joyous tale. The combination is a startling and heady one. . . Miss Wolff builds all her characters with amazing forcefulness. . . Indeed here lies her main weakness as a writer. For where she is excellent in scenes of physical or emotional excess, she falls down a little when she attempts a subtler mood or situation. The least convincing part of her book is her portrayal of Mary and Mary's twisted relationship with Kenny. But this is a minor flaw in a novel that introduces a talent of unmistakable distinction." Rose Feld

+ — Books p2 My 18 '41 700w

"A sturdy, extremely capable first novel."

+ Nation 152:648 My 31 '41 30w

"Miss Wolff tells an interesting story, the background she paints is convincing and all but two of her characters are real. Still, her book is less original than most of the reviews would lead us to believe. And it moves in several directions, as if the author hadn't quite made up her mind about the sort of novel she was writing. . . The novel as a whole is easy to read, with several effective scenes, but nobody except the author is going

to remember it for a long time. It is popular at the moment because with all its faults, it is young, fresh, honest, and because it has nothing whatever to do with the war." Malcolm Cowley

+ — New Repub 104:798 Je 9 '41 600w

"For all its humor and its sharp earthiness, this surprising first novel by Maritta M. Wolff is neither as buoyant nor as bawdy as 'February Hill'—nor is it as gayly superficial. The most that Miss Lincoln achieved was an incidental pathos, whereas Miss Wolff comes very close to tragedy. Though it falters and fumbles very frequently, her book has a rich, raw vitality, a fundamental grimness, which makes 'February Hill' seem like child's play. 'Whistle Stop', in short, is a most disturbing novel. It is also a very good one. . . In its force, in its vividness, in its lack of sentimentality, in its refusal to compromise with the reader's natural squeamishness, 'Whistle Stop' is brilliantly different from the average. When one considers that it was written in the author's senior year at college its effectiveness is all the more remarkable. 'Whistle Stop' is as arresting a first novel as I have read in quite a while." E. H. Walton

+ N Y Times p6 My 18 '41 900w

"Though Miss Wolff is enormously gifted, I do not believe 'Whistle Stop' is a very good novel. Its flaws lie partly in its sprawling construction, partly in the central figure of Kenny, whose charm everybody is supposed to feel but who seems to me one of the most repulsive figures I have ever encountered, and partly in the fact that the characters, with the possible exception of Mary, are petty and mean. . . 'Whistle Stop' doesn't mean anything. It is a marvellously exact picture of a group of squabbling, unpleasant, dead-end people, some of them brutal, some half-witted, most of them dull. It does not have any implications beyond this, or if it has they elude me. This does not detract from Miss Wolff's two superb talents: as a realistic photographer and occasionally as a narrator of tense, violent action. Altogether, I think you'd better read 'Whistle Stop' and keep an eye on Miss Wolff. If she can write this way at twenty-two, she should be good for a banning in Boston before she's twenty-five." Clifton Fadiman

+ — New Yorker 17:88 My 17 '41 850w

"As a first novel the book is remarkable. The publishers state that the original manuscript was double the length of the present book. The cutting may explain certain blind spots that confused this reader. The almost incestuous attachment between Kenny and Mary, for example, was never clearly explained. There are other loose ends, but they in no way impair the general excellence of the book. Miss Wolff handles dialogue with a true and sensitive ear—it is quibbling to complain about the lack of a forceful, dynamic plot." J. H. Smyth

+ — Sat R of Lit 24:14 My 31 '41 350w

"Not especially interesting for either the people in it or the events in Whistle Stop. . . The talk is realistic, crude, and so are the people; but they are not as grotesque as those in Tobacco Road, or as charming as those in February Hill." Robert Littell

WOOD, LEDGER. Analysis of knowledge. 263p \$3 Princeton univ. press [12s 6d Allen, G]

121 Knowledge, Theory of [A 41-656]

"Professor Wood's book aims to examine different types of cognition in the light of the authentic findings of modern psychology, and

thereby to discover the common pattern exhibited in the varieties of cognitive experience. This common pattern is formulated as the referential theory of knowledge, according to which intentionality, or a reference to something beyond itself, is the pervasive feature of conscious experience, whether the experience be perceptual, introspective, or conceptual." J Philos

"The book as a whole is characterized by great lucidity of expression. There is a tendency (particularly in the chapter on categorical knowledge) to dispose of complex problems in a somewhat dogmatic manner. In spite of this, and in spite of a questionable dualistic metaphysics at its base, the book is worth reading as one important and fairly comprehensive solution to the epistemological problem." A. C. Benjamin

+ Ethics 51:497 J1 '41 480w

"Professor Wood's book may not break much new ground and it does not contain any heaven-storming epistemological hypotheses; but it does offer an unusually sane analytical survey of issues relevant to the theory of knowledge." E. N.

+ J Philos 38:385 J1 3 '41 700w

"This work on the theory of knowledge has distinct merits. It is well arranged, well written and discusses all the subjects that should be discussed. The author deals with sense experience and memory, perceptual knowledge of 'things', of our own selves and other persons, the generalized knowledge of science and the knowledge implied in judgments of value. However, the book as a whole is disappointing. . . If Prof. Wood could be induced to accept a realist view of universals (under the guidance of Peirce, Russell or Whitehead) to clear up some minor inconsistencies and to consider what Köhler and Blanshard have to say about facts of experience (only authors resident in his own country have been named), there are here the elements of a valuable theory."

WOODBIDGE, HOMER EDWARDS. Sir William Temple, the man and his work. 361p il \$3.50 Modern lang. assn. [16s Oxford]

B or 92 Temple, Sir William, bart. 40-33911

"To the general reader the name of Sir William Temple recalls the lucky man who succeeded in winning the heart of the brilliant and exquisite Dorothy Osborne; the friend, employer and patron of the young Jonathan Swift, and the writer of certain old-fashioned, familiar essays. . . Scholarly inquiry into Temple's career has generally centered upon his political activities before the restoration of Charles II, and later, when he negotiated the Triple Alliance and was English Ambassador at the Hague. . . Professor Woodbridge, while not neglecting the politician and diplomat, has sought to redress the balance by a careful estimation of Temple's position as one of the earliest English writers of the familiar essay. At the same time, a fresh, detailed, vivacious and convincing portrait of the man is drawn to take the place of the misconceptions, approaching caricature, which are what Macaulay and Thackeray offered to the Victorian public." Books

"Until now, the only attempt at a full-length portrait of Temple has been Courtenay's life, published in 1836. This was honest and accurate within its limits but obtuse and unsympathetic in treatment. Since that date much additional source material has come to light, and several special studies have been written which make easier an appreciation of the range, originality, and experimental soundness of Temple's thought. Professor Woodbridge has tested and supplemented these by patient study of Temple's works from least to best and has produced an admirable and definitive biography." Violet Barbour

WOODRUFF, LORANDE LOSS, ed. The development of the sciences; second series, by Oystein Ore [and others]. 336p \$3 Yale univ. press

509 Science—History 41-9747

This volume contains a series of lectures delivered at Yale university in the winter of 1939-1940. These constituted the second series of such lectures, the first having been presented in 1920, and published in 1923 (Book Review Digest, 1924). Contents: Mathematics, by Oystein Ore; Astronomy, by Frank Schlesinger; Physics, by Henry Margenau; Chemistry, by J. A. Timm; Geology, by C. R. Longwell; Biology, by L. L. Woodruff; Psychology, by W. R. Miles; Medicine and the sciences, by J. F. Fulton. Bibliography. Index.

"Unfortunately, not one of these professors is a good popularizer. The chapter on mathematics is full of undefined and unexplained expressions, simple no doubt to a mathematician; and the others, while comprehensible to the educated layman, are utterly pedestrian in style, quite lacking in the spark of liveliness that always marks the work of good popularization. Perhaps the old-fashioned solid reader who used to devour Herbert Spencer, Gibbon and Darwin will, if he still exists, be the one to profit by the unquestionable information which Professor Woodruff's symposium has to offer."

+ Books p17 S 21 '41 270w

"Obviously only the high spots in the history of any science can be touched in a single chapter of from 30 to 50 pages, but these are far from being superficial sketches. The intelligent layman can read them with understanding. If he wants more, he can have recourse to the appended copious and classified bibliography."

+ Christian Century 58:658 My 14 '41 210w

"The material is well selected and competently organized, with particular reference to the major figures and leading concepts within each of the sciences discussed."

+ New Repub 104:737 My 26 '41 50w

"A concise, accurate and interesting history of the sciences. . . The volume is based upon a series of lectures delivered at Yale under the auspices of the local chapter of Gamma Alpha. One might well congratulate the members of that organization for their foresight and success in thus providing themselves with readily available material that will prove very useful in the preparation of graduate students for doctoral examinations. For them, as well as for all persons interested in the history of scientific achievement as a background for the intelligent scrutiny of modern scientific research, the many illustrations covering a wide range of portraits, apparatus, and diagrams will facilitate greatly the assimilation of the abundant and significant information contained in the text."

Commonweal 35:52 O 31 '41 1000w

"Virginia Woolf's last novel, written when her nerves were apparently all shot to pieces, is weak and inconsequential and in itself worth reading only by those who wish to complete their knowledge of her work or to study her as an attractive minor figure in the literary world in which she moved." Alvin Adey

— + Current Hist 1:275 N '41 180w

"New readers of this genius must be prepared to find in Between the Acts no premise that life is ever simple or orderly, no opportunity for emotional release by identification. Admirers need no recommendation beyond the author's name to add this final achievement of a great writer of our century to their collection." H. S. Taylor

+ Library J 66:841 O 1 '41 80w

"This short novel, by no means melancholy but often a humorously lively study of futility, was left by its author without final revision. Occasional compressions, jerking like Jingle, might have been eased out, but this is, in effect, finished work. It has the beauty, the elating beauty, of language of the assured matured Virginia Woolf." Harold Brighouse

+ Manchester Guardian p3 Jl 25 '41 300w

"The book, unless one obtusely chooses to see it as a deliberate *jeu d'esprit*, is merely from start to finish an evasion of the problems it raises. It introduces us to people, some of them with frustrated and fractured lives, and, instead of exploring them, makes us sit with them while they watch a pageant.

... Even an ironic intention of showing that the real people are as dead and done for as the stage puppets cannot justify Mrs. Woolf's dabbling in human beings while expending great space and effort on Sir Spaniel Lilylivers and mid-Victorian Eleanors. The book ends with two of the real people about to confront each other: it should, of course, have begun there." Louis Kronenberger

Nation 153:344 O 11 '41 900w

"Because Between the Acts is Virginia Woolf's last book, the reader may search it for some touch of finality. Of this I find, as I expected to find, none. The form and the combination of elements are, as always, new; she never used any combination or form twice. When the book ends it is, as at the end of the other books, as though a lamp had been switched off at its base, but the current is still waiting along the flex. Between the Acts in no sense completes her work, which is incapable of being completed. One envisages or desires completion only upon a level which she neither wrote nor lived." Elizabeth Bowen

New Statesman & Nation 22:63 Jl 19 '41 1950w

"As long as English is read the voice may go on—if without new delight, also without fresh pain. For Virginia Woolf, the woman, 'Peace, Let her pass!' as the author says of a person just dead in the pageant. 'She to whom all's one now, Summer and Winter.'" Hudson Strode

+ N Y Times p1 O 5 '41 1700w

"To rate her books is as feasible as to rate the dartings of a butterfly, but perhaps we may say that while all her novels are strange, there is none other so strange and so sad as this last puzzling vagary of a temperament that voyaged always alone. Most over-subtle books are irritating. But though 'Between the Acts' is irritating enough, one senses, beneath the mannerisms, the underbeat of a true emotion, rarefied and very

WOOLF, VIRGINIA—*Continued*
 near to heartbreak. For one of the central paradoxes of the art of Virginia Woolf is that, for all the Bloomsburyism, the fastidious scholarship, the absorption in effects, she is essentially a novelist of sentiment. Oblique and seemingly intellectual as are her methods, her call is to the heart. Her novels are neither narrative nor pictorial; they are more like cries, broken but never unmelodious." Clifton Fadiman

New Yorker 17:83 O 4 '41 500w
 Pratt p13 D '41

"A melancholy interest naturally attaches itself to this posthumous novel by Virginia Woolf, a book which has many technically brilliant passages, a book which is nowhere incompetent, but unfortunately also a book which is not interesting. . . I must regretfully confess that the fashion of writing a novel by the refusal of the story, by the piling up of innuendoes and indirections, velivities and subconsciousnesses cannot justify itself except when the process is under steady control. Mrs. Woolf in this book skips from person to person and from point of view to point of view. Consequently the reader tires of trying to remember who to be." H. M. Jones
 Sat R of Lit 24:7 O 25 '41 450w

"It must be confessed that Mrs. Woolf does not make her meaning altogether clear. And it is further darkened by the fact that her picture is drawn in two conventions, which do not blend. The setting of the story is realistic; most of the characters speak as real people speak. But in order to achieve the expressive intensity of poetry she shifts now and again into the non-realistic convention of *The Waves*. One character, Isabel, talks to herself in a sort of loose verse. This confusion of convention leaves the reader confused. Perhaps had she lived to revise the book, Mrs. Woolf would have brought it into clear pattern and harmony. As it is, it must be counted as in part a failure. But Mrs. Woolf's failures are more precious than most writer's successes." David Cecil

"Virginia Woolf's last book is not one of her major works; it is almost a 'light' novel. But it compares with the run of light novels as a Mozart opera compares with one by Sig. Romberg. It is also the most nearly public of her exquisitely private books."
 Time 38:103 O 13 '41 500w

"The great gulf, as [Virginia Woolf] saw it, was between the cultivated and the uncultivated. Since hers was a cultivation that excluded much else she shrank instinctively from forms of goodness and beauty other than those she had absorbed into her private vision. The limitation is obvious in 'Between the Acts.' Nevertheless, it is a rare and sometimes haunting book, with a deceptively light undercurrent of sorrow. Something left over from the high, pure song and poignant harmonies of 'The Waves' can be heard in the muted accompaniment to her single and brief motive, repeated with only the slightest of variations, of the transitory finite."

WORK, JOHN WESLEY, ed. American Negro songs; a comprehensive collection of 230 folk songs, religious and secular; with a foreword by [the editor]. 259p \$3.50 Howell, Soskin

784.756 Negro songs 41-554

This volume contains words and music of more than two hundred spirituals and work songs. There are brief introductory chapters on the origins and nature of the songs, written by the editor, a member of the music department of Fisk University and a descendant of one of the original Fisk jubilee singers. Bibliography. Index.

Booklist 37:289 Mr 1 '41

"Despite the fact that he has not related these songs to the background and the life of the Negroes from whom they stemmed, this latest book of John W. Work is a distinct folk contribution and is, in a measure, a continuation of two previous works. His present collection is appealingly poignant at times, but more often gay and tuneful." Roi Otley

+ — Books p4 F 9 '41 600w

"In the secular department this book is weak in examples, despite the excellent discussion in its text. The work songs, blues and other social songs of the Negro are the product of a very different temperament from that which produced the spirituals, and concentration on the latter tends to give a one-sided impression of the race itself. There is of course an overlapping, especially in the indispensable rhythm, but there is nevertheless a wide division between those Negroes who have, and those who have not, been sold on the Promised Land and it comes out in various fascinating ways in what they sing, and in the way they sing it." Abbe Niles

+ — New Repub 105:164 Ag 4 '41 400w

"A splendid collection. . . The songs are easy to play and simply arranged—sometimes too simply, one fears. . . Quite a few of the songs, unhappily, give no piano accompaniment, nor is there any guitar notation, despite the editor's rightful insistence on the importance of that instrument in Negro song. In an able introduction Mr. Work presents a historical and musical survey of American Negro song, breaking a lance for the originality and nonimitativeness of the spiritual, and dealing with the retention of African influences. Unfortunately, the collection itself is nowhere nearly as broad as the introduction. . . There are two other minor flaws. The typographic excellence of the introduction contrasts sharply with the hand-lettering of the songs themselves, which is sometimes crude and hard to read and altogether unattractive. A song book ought to be easy to use. But these are relatively small matters." Heinz Norden

WREN, PERCIVAL CHRISTOPHER. Two feet from heaven. 368p \$2.50 Macrae Smith co. [8s 6d Murray, J]

(W) 41-42

Character study of an English clergyman, a psychological case, whose uncanny ability for deception allowed him to pull the wool over the eyes of all who came in contact with him. The author analyzes the causes of this situation thru a series of flashbacks, showing the origin of the man's essential cowardice.

"'Two Feet from Heaven' is rather more subtle and psychological than most of Mr. Wren's fictions and shrewdly handled. Incidentally, it speaks the author's mind concerning the misery and poverty of London slums, about which little was done until Nazi bombers came over." Lisle Bell

Books p12 Ja 12 '41 200w

"'Two Feet from Heaven' has a reasonable amount of suspense in it for a story that is not classified as a thriller—but the writing lacks conviction. You find it hard to sympathize with or even to understand Mr. Wren's characterization of Richard Neystoke who abandons people right and left just when the going is toughest. It seems to us that Neystoke deserved a much harsher fate than Mr. Wren gave him at the end of the story. You'll find, however, that the originality of plot and the somewhat eerie air of suspense running through it are enough in themselves to make 'Two Feet from Heaven' worth a few hours of your weekly reading period." WRENN, CHARLES GILBERT, and HARLEY, DUDLEY LEE. Time on their hands; a report on leisure, recreation, and young people; prepared for the American youth commission. 266p il \$2 Am. council on educ.

790 Recreation. Leisure. Youth 41-13171

"This book considers the leisure needs of youth against the background of modern social changes and the functions of recreation they imply. It is neither a detailed study of present organizations nor a technical treatment of procedures. It is a review of the recreational status of young people and a discussion of how the situation needs to be altered and what part various agencies can take in effecting the necessary changes. Its primary concern is with young people between the ages of 16 and 25, but the authors recognize that in some respects recreation for youth cannot be considered apart from recreation for children and for adults." (Pref) Index.

"The book is one of the publications of the American Council on Education and was prepared for the American Youth Commission. Like a number of other publications from this commission, it is timely and useful. It should be in the hands of representatives of public and private recreational agencies throughout the country; it will be particularly valuable for members of boards of education, city officials, and legislative committees who may be responsible for formulating policies and appropriating money for leisure-time activities of young people." WRIGHT, CHESTER WHITNEY. Economic history of the United States. 1120p maps \$4 McGraw

330.973 U.S.—Economic conditions 41-11886

Survey of the economic history of the United States from the first settlement to 1940. Nearly half of the book is devoted to the period since 1860. There is a final analytical chapter which reviews the whole field of factors responsible for our economic achievements. The author is professor of economics at the University of Chicago. Bibliography. Index.

"The book is bigger than its philosophy or point of view. The facts and organization and the judgments and presentation of particular developments and situations are based upon wide reading and careful reflection. No scholar of any discipline will fail to find something analyzed to his liking. Economic historians who are just that, if any there be, will welcome this book as comprehensive, illuminating at points, and somewhat different from most other books on the subject. They cannot fail to realize, however, that the author has learned life only from books and does not draw upon real or concrete situations as they have occurred or occur in a complex world. In the opinion of the reviewer, Professor Wright has done the best job possible following the emphasis on the general and external, the public and the social—an emphasis that he has adopted and that others have sanctified by long use." N. S. B. Gras

+ Am Econ R 31:865 D '41 1600w

"Only a few defects mar the scholarship of the work. . . . The book is fundamentally excellent and represents a distinct advance in the interpretation of economic history with economic tools." D. L. Kemmerer

+ — Ann Am Acad 218:233 N '41 600w

"This volume is almost too full for textbook purposes and will perhaps be more useful as a work of reference. It is encyclopedic in its wealth of factual material, and is complete with an excellent set of graphs and an impressive critical bibliography. . . . The chief weakness of this volume is that in such a wealth of material, it is difficult to distinguish the lines of the argument as to 'how the national income has been increased and distributed.' The work is partly rescued by an excellent final analytical chapter. . . . There is little of freshness or originality in the volume, but it is lucidly written, and has the virtue of providing between two covers a more exhaustive treatment of the subject than the currently-used text-books provide." WRIGHT, F. L.—Continued

"The present collection of his writings, some previously published, some from manuscript, adds nothing new to what any one with sufficient interest in the subject could learn from him and about him. It has its value, however, for those who care to check on the consistency, persistency and growth of his ideas. His is a vigorous, creative personality, cast in the crusading mold, sure of itself to the point of egotism, and a gift of much value to the generations through which he has lived." R. L. Duffus

N Y Times p3 Ag 3 '41 1200w
Pratt p4 D '41

"Frank Lloyd Wright is unquestionably America's greatest contemporary architect. His work has been stimulating and exciting, even to his many severe critics, and his influence has been world-wide. But Mr. Wright is not our greatest contemporary writer. . . The statements [in this book] are for the most part highly emotional, highly romantic, and loosely organized. This does not make for easy reading, nor for a clear understanding of Mr. Wright's philosophy. . . The book loses by its lack of illustrations. It is hard to visualize its serious perusal by anyone not familiar with Frank Lloyd Wright's architecture. It could mean little to the layman, and will mean little to many architects and artists. In all likelihood its true value will appear as it relates to the two future volumes. It is unfortunate that this is the first one of the three to be published." Carl Feiss

WRIGHT, WILLIAM KELLEY. A history of modern philosophy. 633p \$3 Macmillan

190 Philosophy—History 41-2306

"The purpose of this book is 'to introduce the history of modern occidental philosophy to college undergraduates who have had little or no previous acquaintance with philosophy as well as to general readers. . . (p. vii). Accordingly, its value must be assessed in the light of its avowed intention. After attempting to set forth the distinctive characteristics of modern thought, the author adopts a conventional division of modern philosophy into the Renaissance, Enlightenment, Idealistic, and Recent periods. He then announces that his methods of interpretation (1) will take account of the logical content of each philosophy treated and will discuss its relations with other philosophies, (2) will explain each philosopher as 'an interpreter of the time and place in which he lived,' and (3) will take 'into account the private life and personality' of these philosophers." Ethics

"One may take exception to some of the choices; for example, Nietzsche and Royce might have been omitted in favor of other equally important thinkers. The reviewer is not able to decide such matters. The expositions of the several philosophies are accomplished with considerable success in many instances. Sometimes, however, less than justice or even plausibility has been the price paid for simplification.

The brief characterization of medieval thought is quite misleading and ought to have been omitted altogether. As it stands, it contains so many hoary misconceptions that it will serve only to perpetuate old errors. Aside from such objections, however, the book fulfills its purpose satisfactorily. The author was obliged, in such an elementary book, to select one of a number of several interpretations of every philosophy he discusses, but he has usually selected a plausible interpretation, and he explains each system of philosophy with a lucidity that is often admirable." J. R. Weinberg

+ — Ethics 51:492 J1 '41 700w

"The book is quite readable. The necessary simplification of some details is done with discrimination. While the present reviewer might question some points of interpretation, he realizes that such differences are inevitable. A neutral interpretation is impossible. In Professor Wright's treatment each philosopher will at least mean something to the student; much can be said for such an accomplishment. The frequent illustrations to clear up particularly knotty points, derived no doubt from experience in the class-room, are usually quite successful. For the purpose for which it was designed it should prove to be a useful book." G. C. S.

WRINN, MARY J. J. Cock on the ridge. 139p \$2 Harper

811

40-32607

A first collection of poems by the author of *A Hollow Reed*, a textbook for young students of poetics (Book Review Digest, 1936). The poems, many published previously in magazines, are of varied types including narrative poems, sonnets, and lyrics.

"All of Miss Wrinn's country scenes are sure and deeply felt, drawn not only from a sensitive observation but from living experience. There is honest understanding, not sentiment, in 'Boy and Cow' and 'Heir to the Farm.' 'On Finding a Four-Leaf Clover' indicates that an intelligent, original viewpoint directs much of her work. It is a pity that this particular motivation is not always evident. The trouble may be that Miss Wrinn writes too easily. If craftsmanship itself were more difficult for her, she would be a better poet."

+ — Books p16 O 13 '40 120w

"At its best her verse is governed and precise; the figures are neither too familiar nor too sensational. But—alas, that repeated but inevitable 'but'—Miss Wrinn attempts too much, too various a range in subjects, too many styles. In one moderately sized volume she offers poetry of high seriousness and verse of the lightest possible texture, weighted quatrains and whimsical couplets, bucolic sonnets and ballades with a double refrain, strict sapphics and loose 'free' verse." WRISTON, HENRY MERRITT. Prepare for peace! 275p \$2.50 Harper

172.4 Peace. U.S.—Foreign relations. World politics (W) 41-6900

Dr Wriston, president of Brown university, discusses the nature of war and peace (the objective of all war is peace), reviews the history of the peace which followed the last war, and makes suggestions looking toward a better peace after this one. It is his belief that America can preserve its democracy even if forced to go into the war.

"Mr. Wriston has described in extremely interesting and realistic fashion the highly intricate process of making peace. The volume reflects a rich background of understanding concerning the operations of international conferences and the influence of individual and national psychology. It is gratifying to see the publisher's awareness of the importance of this question, reflected in the issue of Mr. Wriston's manuscript in an attractive popular edition. . . . There cannot be too many books of this kind." W. H. C. Laves

+ Am Pol Sci R 35:995 O '41 450w

"Dr. Wriston marshals his arguments over so wide a front that some of his outposts might not withstand expert attack. But his general position seems to me sound. It may be only quibbling to suggest an inconsistency between his statements that 'war often purifies and makes effective the democratic impulse' and that 'war is in itself a failure in morals,' but the former of these is uncomfortably near the ministerial unctious that made some of us writhe in 1917 and are already oozing again from a few pulpits in 1941. Dr. Wriston is not of that school, if one can judge from the rest of his book." Alan Valentine

"The volume has one notable weakness and one notable good quality. Its weakness lies in its mention of so much that is ephemeral in the life of any city, places and buildings that will be outdated in a few years. This is not the fault of the compilers, but of the guide-book style that was adopted. The best thing about the book is the writing, which is lively always and for the most part first rate. The photographic illustrations, excellently chosen, take sixty-four pages of clear and well done gravure." J. H. Jackson

YBARRA, THOMAS RUSSELL. Young man of Caracas; foreword by Elmer Davis. 324p il \$3 Washburn

B or 92

(W) 41-51982

This is the autobiography of the son of a Venezuelan general and his vivacious Bostonian wife. It covers only the first twenty years of Ybarra's life, but is filled with descriptions of Venezuela, where the family lived when father was in the favor of the current dictator, and Europe and the United States, where they lived during their periods of involuntary exile.

"Tom Ybarra, in describing his affectionate and tempestuous household, has given us a memoir rich in anecdote and authentic in color—a passkey that will unlock Venezuela for many a Northerner." Edward Weeks

+ Atlantic Ja '42 200w

Booklist 38:94 N 15 '41

"Just to strike a keynote, here is a chapter of autobiography you could place on the same shelf with Clarence Day's 'Life with Father.'... They say also (see Elmer Davis's foreword) that he is a wit and raconteur of parts. No reader of this history will doubt it. The wit and anecdote are great fun; but there is more to this family story (as to Clarence Day's) than laughing gas. But the fund of humor here is embedded in sound sentiment, a sentiment which, however peculiar to the Russell-Ybarra family (Ybarra-Russell in the Spanish) rings the bell of universal appeal. The book should do more to cement the Pan-American front than any congress or conference or any number of good-will ambassadors. Indeed, Mr. Ybarra is a living personification of that front." F. T. Cleveland Open Shelf p15 Jl '41

Pratt p21 D '41

"As an expression of an ultimate purpose for education and as a partial guide for school practice, this book should be most stimulating. While it goes farther in its aims than can be expected of most schools at present, it presents a vigorous challenge to the teacher who feels that the school serves best as it stresses subject-matter learning. The authors

ZACHRY, C. B.—Continued

are particularly to be commended for a concrete and meaningful style and for emphasizing the school's responsibility to every child, including the pupil who is not in conspicuous need of guidance. A fresh viewpoint toward every pupil should come to the teacher who evaluates his practices in the light of these progressive goals." L. J. Cronbach

+ School R 49:233 Mr '41 900w

"This book should be on the required reading list for all teachers in secondary schools. Without being hypercritical it may be pointed out that its value would have been further enhanced if the authors had devoted a chapter to a detailed explanation of the sources of the data used in the study, and the manner of their selection, as well as techniques employed in observation and interpretation. There is a general statement in the Preface and numerous references to procedure scattered throughout the volume which do give the reader partial insight into the methods used, but in a study as exhaustive as this, one would like to have the supporting evidence more definitely analyzed and summarized."

ZAREK, OTTO (FERDINAND MAYR-OFEN, pseud). Splendor and shame; my German odyssey; adapted from the English original by James Eastwood [Eng title: German odyssey]. 316p \$2.50 Bobbs [10s 6d Cape, J]

B or 92 (W) 41-14686

Otto Zarek was a student in Munich during the first World war and the early post-war years of revolution and inflation. He became a playwright, stage manager, and dramatic critic and in 1925 returned to Berlin to follow what seemed a promising career. Then Hitler came, and Zarek fled to Vienna, to Hungary,

and finally to England. When the war broke out he took the oath of allegiance to King George and entered the army. His autobiography tells his own story and gives many glimpses of the literary and artistic celebrities of Europe.

Booklist 38:34 O 1 '41

"It is unfortunate that Mr. Zarek has not received more help to make his book readable. In many instances the English is very poor. But it is even more unfortunate that the author, now fighting with the British, has so little understanding of the historical significance of the present struggle. Any one who can describe Munich as 'Neville Chamberlain's great act of self-abnegation' fails to realize the profound implications of the war between a society of free men and an economy of slaves. It is not enough to hate the Germans. It is not enough to call them names. It is more important to realize that the technically most developed, the industrially most efficient nation in Europe is socially underdeveloped and politically immature." Ursula Wasserman

"It is good to report that winning the Pulitzer Prize four years ago for 'Cold Morning Sky' has not caused Marya Zaturenska to slacken her advance as a poet through a resting-on-laurels attitude. This new collection of verse is her fattest by quantitative measure, and her richest by qualitative." Kerker Quinn

+ Books p4 Ap 20 '41 500w

"Miss Zaturenska has obvious virtues: force, emotion, sweep, some amount of form; her poems often have a real subject, are recognizably hers, really get somewhere. Her pieces are like stage scenery, imposing and successful to the glance, coarse to a closer look: approximations. Poems like 'The White Dress' or 'Forest of Arden' show her at her rather disquieting best; they are rough and evitable successes—the work of a poet who has a real talent, but not for words." "Such poems as [these] offer the refreshment they describe, take us into the meadows from which we have been too long exiled, and leave us, who in a harsh world draw our breath in pain, grateful for their unwonted music, clarity and grace." Babette Deutsch

+ Poetry 58:337 S '41 900w

Pratt p17 autumn '41

"The surface of Miss Zaturenska's work is conventional, she uses all the properties of traditional verse; yet she follows no school, adheres to no convention. Her transfigured images and personal living landscapes sometimes call to mind the English poet Ruth Pitter, to whom Miss Zaturenska dedicates one of her most spontaneous poems; but her poetry is like that of no one writing on either side of the Atlantic. Without limiting itself to a program, the poetry is distinctly of these times and yet occupied with a sense of timelessness." Louis Untermeyer

ZWEIG, STEFAN. Brazil, land of the future; tr. by Andrew St James. 282p maps \$3 Viking

918.1 Brazil (W) 41-18783

An account of a six months' visit to Brazil. A brief sketch of Brazilian history is followed by a summary of the economy, culture, and prospects of the country. The latter part of the book is given over to the author's impressions of modern Rio de Janeiro, São Paulo, and Bahia. Chronology; no index. Maps on end papers.

"It is a useful book, yet somehow disappointing. Written by a master of prose, it lacks distinction. It is ostensibly the product of the author's observations, yet a large amount of space is devoted to material obtainable in any encyclopedia. As a history or comprehensive account of the country, it is inadequate, yet as a travel book it is too much dulled by prosaic references to uninteresting facts and unimportant personages. Although it gives a picture of the Brazilians as a lovable people, with a strong tradition of their own, this picture is drawn with a touch of that condescension which so many European travelers used to feel was appropriate in describing any of the countries of the Western world. The best parts are Mr. Zweig's accounts of the varied racial types which go to make up the Brazilian people, and of the harmonious and unselfconscious manner in which they intermingle socially and intermarry." Nicholas Roosevelt

+ Books p10 O 5 '41 650w

"This 'Major Bowes Salute' to Brazil will provoke warmest applause from all readers whether they like to think in terms of colorful

pictures, historical facts, economic conditions, culture, industry, geography or the personal and social characteristics of the peoples of many traditions and racial sources and united spirit who inhabit the romantic and potentially great land of Brazil." A. L. Murray

+ Churchman 155:18 N 1 '41 250w

Cleveland Open Shelf p17 O '41

"The Brazil which Stefan Zweig describes must be the ideal land to visit for a man driven out of Europe. The Brazil he describes can't, it is true, quite exist anywhere, but even skeptics and critics with politics on the brain and statistics in their veins must admit that a pleasant and happy conjugation occurs in this essay of Zweig in the 'Land of the Future.' The book is a genuine essay on Brazil and not a 'study' or a history or a travel book. . . . The prose is rather over-heavy, a little mouthy, a bit impressed by itself. However, the author genuinely loves his subject here, and that has good effects all down the line. It encourages respect and seriousness without pretensions, and an objective and seeking approach." Philip Burnham

To Author Entries, March, 1937—February, 1942

Owing to the fact that the Book Review Digest year does not correspond to the calendar year, running instead from March to March, index entries for January and February of each year refer to the volume dated the previous year; i.e., January and February 1938 will be found in the 1937 Annual. These entries are thus indicated in the Index: (Ja '38) (1937 Annual); (F '38) (1937 Annual).

A reference followed by two dates e.g. either (1937, 1938) or (Ag '38) (1937 Annual) indicates a book that has been re-entered, with additional reviews, the year after its first entry. For such references consult both volumes.
